Richardson, Texas | 469-849-8432 | bhargavchowdary72@gmail.com

EDUCATION

The University of Texas at Dallas

CGPA (3.5/4) May 2024

Master of Science in Information Technology and Management.

Jawaharlal Nehru Technological University

CGPA(8.5/10) May 2022

Bachelor of Technology, Information Technology

TECHNICAL SKILLS

- Data Analysis: Power BI, MS Excel, Tableau
- Languages: SQL, C, R, JavaScript, HTML, CSS, Github, SAS
- Databases: Mysql, DynamoDB, Wireshark, Linux

EXPERIENCE

Caprus IT solutions

Data Analyst Intern

Fall 2021

- Developed complex SQL queries and utilized SAS to classify and manage employee data, effectively distinguishing between contract and permanent staff for a client.
- Created interactive dashboards in Power BI to visualize employee classifications and hierarchies, improving data accessibility and facilitating informed decision-making.
- Designed and implemented a hierarchical tree structure for employee relationships, enhancing organizational transparency and reporting capabilities.
- Conducted data analysis using Excel pivot tables to identify trends in employee contracts, delivering actionable insights for HR strategies.
- Collaborated with stakeholders to gather requirements and present findings, utilizing advanced features in Power BI for compelling data storytelling.
- Ensured timely task completion while maintaining clear communication with relevant stakeholders regarding progress.
- Demonstrated expertise in thorough testing of applications to ensure robust functionality and optimization.
- Proficient in writing complex queries and leveraging diverse datasets to extract valuable insights.

PROJECTS

ECS Integrity LLC

Oil and Gas Operations Performance

Spring 2024

- Developed complex SQL queries for ETL processes within a data warehousing environment, integrating various datasets to provide a comprehensive view of operational performance.
- Designed an interactive Power BI dashboard that offers real-time insights into oil and gas production metrics, significantly improving operational efficiency.
- Utilized Mini tab to conduct statistical analyses and build predictive models, enhancing forecasting capabilities for production trends and maintenance scheduling.

- Leveraged Microsoft Access to manage and organize data, ensuring seamless integration with reporting tools and facilitating accurate data retrieval.
- Implemented advanced DAX formulas for dynamic reporting in Power BI, allowing stakeholders to analyze performance metrics across multiple dimensions.
- Collaborated with various departments to ensure data accuracy and relevance, driving strategic decision-making based on analytics.
- Created impactful presentations in PowerPoint to communicate findings and insights from the advanced analytics dashboard, which tracks and optimizes oil and gas operations at ECS Integrity, using SQL queries for data extraction and Mini-tab for analysis.

Patient Performance analysis

Spring 2022

- Consolidated patient performance data from various Excel sources, ensuring accuracy and enabling efficient data analysis within the healthcare setting.
- Utilized R for advanced statistical modeling to identify key drivers of patient outcomes and generate forecasts for future healthcare operations.
- Developed interactive dashboards in Power BI to visualize healthcare KPIs and trends, enhancing data-driven decision-making for stakeholders.
- Created SQL queries to extract and manage healthcare data from databases, streamlining reporting processes and improving data consistency.
- Employed Python for data processing and analysis, integrating it with Excel to facilitate data manipulation and reporting.
- Leveraged Excel to design templates that standardize data entry and enhance reporting efficiency, while also integrating it with Power BI for real-time exploration of patient performance metrics and insights.

CERTIFICATIONS

- Google Certified Data Analyst
- JNTU SQL Intermediate Certification

LEADERSHIP AND VOLUNTEER EXPERIENCE

- Captain of the boys' Volleyball team at the Inter College Sports Meet and other tournaments winning 90% of matches.
- Coordinated the scheduling of practices, and matches as the Secretary of Sports Club and assisted with fundraising.
- Tutored over 30+ high school students in Mathematics and English as part of the Summer Outreach Program.
