EDUCATION

Master of Science in Management Information Systems

Lamar University, Texas, USA

Expected Graduation: DEC 2025

Bachelor of Technology in Electrical & Electronics Engineering

S.V Engineering College, Tirupati (JNTU Anantapur)

Graduated: May 2021

PROFESSIONAL SUMMARY

Results-driven Associate Business Analyst with 3+ years of experience in ERP support, business analysis, and process optimization. Skilled in gathering and analyzing business requirements, creating use cases, process flows, and functional documentation. Experienced in ERP applications (SAP S/4HANA, FIORI, Finance, Inventory, Sales, HR/Payroll), ticketing systems (ServiceNow, JIRA), and database management (DB2, SQL). Proficient in Agile and SDLC methodologies, with strong problem-solving abilities, data analysis, and reporting skills. Adept at liaising with stakeholders, supporting system rollouts, managing incidents, and improving operational efficiency in complex enterprise environments.

TECHNICAL SKILLS

Business Skills: Requirement Gathering, Process Modeling, KPI Tracking, Functional Testing, Stakeholder Communication

ERP & Tools: SAP S/4HANA, FIORI Apps, SAP ERP, ENDEVOR, SCLM, CONTROL-M, Fault Analyzer, ISPF, JCL utilities, SORT utilities, FTP/FTPs, XPEDITOR, SPUFI, CA7, JMR, File-Aid, ServiceNow, JIRA

Programming Languages: SQL, COBOL, JCL, CICS, Python, Shell Scripting, C, JavaScript, HTML

Databases: DB2, MS SQL Server, Oracle (basic), VSAM

Reporting & Analysis: Crystal Reports, MS Excel (pivot tables, dashboards), MS Access, Rational Rose, MS Visio, Power BI, Tableau

Operating Systems: Windows, Linux, IBM z/OS, MVS

Methodologies: Agile, SDLC, RUP, Waterfall

Core Competencies: Business Analysis, ERP Configuration, Data Analysis & Reporting, Process Optimization.

Other Skills: Object-Oriented Programming (OOP), Microcontroller Embedded Programming, Algorithms & Data Structures

PROJECT EXPERIENCE

Capgemini – Associate Business Analyst

Oct 2022 – Jan 2024

- Collected and analyzed business requirements; created Use Cases, Activity Diagrams, Process Flows using internal tools.

- Developed Unit Test Plans and executed testing across SIT, UAT, and production environments.
- Supported Incident, Problem, Release, and Change Management using ENDEVOR, ServiceNow, JIRA.
- Liaised with stakeholders for functional testing and knowledge transfer, improving operational process efficiency.
- Applied Agile and SDLC methodologies for project execution and documentation.
- Extracted and analyzed data from ERP and relational databases (DB2, SQL) for reporting and decision support.
- Created process documentation and business analysis reports using Rational Rose, MS Visio, Crystal Reports, SQL queries.

Capgemini – ERP Analyst

Dec 2021 – Oct 2022

- Maintained synchronization across supply chain, program management, quality, manufacturing, and finance using ERP tools.
- Performed ERP transactions, reporting, and workflow tracking using SQL, DB2, File-Aid, JCL utilities, SORT utilities.
- Collaborated with stakeholders for approvals, incident resolution, and process enhancements using JIRA, ServiceNow, internal organizational tools.
- Assisted in pre-ops readiness, production scheduling, and reporting using Microsoft Office Suite.
- Analyzed ERP and relational database data to ensure compliance, accuracy, and operational efficiency.

Capgemini – ERP Support

Jul 2021 – Nov 2021

- Provided hands-on support for ERP applications (Finance, Inventory, Sales, Purchasing, Warehousing, Manufacturing, HR/Payroll modules).
- Managed end-user security, maintained SOD compliance, and performed troubleshooting using ENDEVOR, SCLM, CONTROL-M, JIRA, Fault Analyzer, ServiceNow, SQL, DB2, COBOL, JCL, CICS.
- Supported system rollouts, upgrades, and daily operations using ISPF, JCL utilities, SORT utilities, FTP/FTPs, XPEDITOR, SPUFI, CA7, JMR, File-Aid.
- Extracted, analyzed, and validated data from DB2 databases for reports, dashboards, and operational insights.

CERTIFICATIONS

- Crash Course on Python
- GIT & GIT HUB
- Python for Data Science, AI & Development
- Hands-on Introduction to Linux Commands and Shell Scripting
- SAP Certified Associate – SAP S/4HANA Sourcing and Procurement (C_TS_4022)
- Recognition Award (MYCONCERTO – April 2023) for outstanding contributions to project releases
