EDUCATION

COOP Careers

Data Analytics Fellowship

Manhattan, NY

December 2025

- Engaged in a 16-week fellowship program, acquiring expertise in data cleaning, transformation, analysis, and visualization
- 200 hours of instruction time with a hands-on mastery of data tools and participating in professional development workshops

Stony Brook University, Stony Brook School of Health Professions

Stony Brook, NY

Bachelor of Science in Health Science, Concentration: Health Informatics, Dean's List: 2021, 2024

August 2021 — May 2025

- Coursework:** Applied Health Informatics, Developing Health Information Systems, Issues in Healthcare Informatics, Health Information Management, Utilization and Outcomes Research Method

PROFESSIONAL EXPERIENCE

CVS Pharmacy

Pharmacy Technician

Queens, NY

June 2025 — Present

- Utilized pharmacy information systems (RxConnect, ScriptPro) and live dashboards to monitor queue volume, gather workflow metrics and facilitate data-driven decisions for operational efficiency, contributing to the team's daily impact percentage of over 90%
- Ensured data integrity across patient profiles by resolving duplicate entries, incomplete protected health information (PHI), incorrect drug selections, missing SIG codes and insurance rejections while maintaining HIPAA compliance

HITLAB

Digital Health Strategy Intern

Manhattan, NY

Feb 2025 — August 2025

- Tracked outreach metrics with Excel for an Alzheimer's early-detection study, improving recruitment data completeness and contributing to helping the team achieve over 60 enrolled participants
- Analyzed 25+ digital health startups by assessing their business models, revenue streams, customer segments using the Business Model Canvas and Value Proposition Canvas, producing structured evaluations highlighting opportunities and gaps
- Researched and conducted weekly literature reviews of articles on digital health solutions including telehealth platforms, home-as-hospital models, and aging in place solutions, to inform market opportunities

Cultured Kids Cuisine

Web Design Intern

Brooklyn, NY

May 2024 — December 2024

- Created low and high-fidelity wireframes, 30+ custom buttons, resulting in 60+ desktop and mobile interface mockups with Figma
- Analyzed user research survey data to identify user flow patterns and pain points, leveraging findings to implement design changes that reduced user navigation time by 20%
- Collaborated with the web development team to create 10+ interactive prototypes, ensuring seamless integration of feedback to the design and development process

PROJECTS/EXTRACURRICULARS

COOP Careers, New York State Mental Health Workforce Gaps (Excel, Tableau)

October 2025

- Selected a Health Resources and Services Administration (HRSA) dataset containing Health Professional Shortage Area (HPSA) and Full-Time equivalent (FTE) scores, preparing data for analysis in Excel through standardizing and resolving inconsistencies
- Built Tableau visualizations including heatmaps, bar charts, and column charts to showcase correlations between HPSA levels to FTE capacity in New York State, resulting in accurate identification of specialty shortages and underserved regions
- Interpreted results to uncover insights to provide data-informed recommendations for statewide funding decisions

Sigma Psi Zeta Sorority, Inc.

President, Website Designer, Graphic Designer

Stony Brook University, NY

April 2022 — May 2025

- Directed all operations, focusing on organizational values, following national policies, while maintaining interpersonal relationships
- Led a team to raise online and campus awareness on DVAM initiatives, donating over \$1500 to supporting philanthropic foundations and increasing event participation by 50%
- Designed an organization website using UI elements of typography, typesetting, and color theory, increasing site traffic by over 50%
