STEPHANIA D. FRANÇOIS

PROFESSIONAL SUMMARY

Detail-oriented pre-medical graduate with extensive experience in clinical documentation, chart review, patient coordination, and research support. Hands-on exposure to EMR systems, clinical workflows, and laboratory research in biomedical and neuroscience settings. Strong foundation in research methodologies, literature review, and data organization, with a demonstrated ability to support clinical and translational research teams. Fluent in French, Creole, and English.

SKILLS

- Critical thinking and problem-solving
- Microsoft Office (Excel, Word, PowerPoint)
- Exposure to research methodologies through coursework
- Literature review & academic writing
- Data organization & documentation
- Leadership & teamwork
- Multilingual communication (French, Creole, English)
- Effective time management & multitasking
- Patient charting & documentation
- Prior authorization & insurance verification
- Fast typing speed & administrative support

EXPERIENCES

Medical Scribe Assistant

Dr. Bryan Kim | Mission Viejo, CA | May 2023 – Present

- Documented vital signs, patient health histories, and chief complaints in outpatient clinic and hospital settings using Epic EMR.
- Assisted physicians during patient evaluations by taking detailed clinical notes in real time and preparing encounter documentation.
- Prepared treatment rooms and assisted with trigger point injections and therapeutic Botox procedures, ensuring proper setup, medication handling, and post-procedure workflow.
- Coordinated and processed MRI and CT imaging orders, referrals, and follow-up documentation as directed by providers.
- Ordered medications and managed prescription refills in coordination with physicians and pharmacy systems.
- Reviewed patient charts for accuracy, completeness, and readiness prior to clinical encounters.

- Sent finalized clinical notes, referrals, and provider documentation to outside offices and specialists in compliance with HIPAA guidelines.
Assisted with insurance verification, prior authorizations, and referral approvals to facilitate continuity of care.
- Organized and maintained patient charts and incoming clinical documentation, including faxes and electronic provider orders.
- Scheduled appointments and provided comprehensive administrative support to medical staff and providers.
- Assisted in training new medical assistants on EMR systems, clinic workflows, and patient care protocols.

Research Assistant

Dr. Arlin Blood, Loma Linda University — Center for Perinatal Biology | August 2025 – January 2026

- Assist with tissue staining protocols for Ki67 proliferation markers in lung tissue samples.
- Participate in data collection, labeling, and preliminary analysis under supervision.
- Maintain organized research records and follow laboratory protocols.

Research Assistant

Carboncopies (Remote) | September 2025 – January 2026

- Support interdisciplinary projects in neuroscience and brain emulation research under the mentorship of senior researchers.
- Conduct literature reviews and synthesis to support research initiatives in neurotechnology and neuroscience.
- Assist with grant writing by drafting and editing sections of research proposals to support funding applications for neuroscience research.
Contribute to research documentation and written communications, including preparation of newsletters summarizing ongoing research, milestones, and organizational initiatives.

Shadowing Experience

Dr. Karol Watson, M.D., Ph.D. – Cardiologist

Ronald Reagan UCLA Medical Center, Los Angeles, CA | Spring 2024

- Observed patient consultations and cardiovascular exams
- Gained exposure to clinical decision-making in hypertension and heart disease management

Dr. Shadi Milani, D.O. – Neurologist

Progressive Neurology and Sleep Medicine, Irvine, CA | Spring 2025

- Shadowed neurological assessments and sleep studies
- Learned about diagnostic approaches to migraines, epilepsy, and sleep disorders

Dr. Soojin Lee, D.M.D. – Orofacial Pain Specialist

Boston TMJ & Orofacial Pain, Boston, MA | Winter 2024

- Observed management of TMJ disorders and chronic facial pain
- Developed understanding of interdisciplinary care involving dentistry and neurology

Volunteer

Quiclinics Medical Partner | Long Beach, CA | Sep 2022 – Jun 2023

- Assisted in patient intake by documenting vital signs and medical history.
- Directed patients to exam rooms and assisted in clinic workflow management.
- Verified insurance and handled administrative processing of patient documents.
- Conducted COVID-19 testing and assisted in community health screenings.
- Participated in feeding the homeless and community outreach initiatives.
- Ensured timely completion of paperwork and documentation for patient visits.
- Maintained files and records, implementing effective organization strategies.
- Maintained compliance with CDC guidelines at homeless shelters.

Teen Leader (Volunteer)

St. Mel Parish Church | Woodland Hills, CA | Sep 2016 - Apr 2017

- Led youth group meetings and facilitated faith-based discussions to support teen spiritual development.
- Mentored younger teens and fostered a welcoming, supportive community environment
- Organized and participated in service projects including food drives at the Guadalupe Center, OneLife LA walks, retreats, garage sales, and Soup & Stations events.
- Helped plan and execute church outreach events, enhancing leadership and event coordination skills.
- Assisted with church functions by setting up events, fundraising, and engaging younger parish members.
- Strengthened communication, leadership, and service skills in a faith-based setting
- Deepened commitment to service, community building, and spiritual growth through active engagement.

Takeout, Bookkeeper, Server, QC

BJ's Restaurants Inc. | Laguna Hills, CA | May 2022 – Apr 2023

- Managed takeout orders efficiently, ensuring accuracy and customer satisfaction in a high volume environment
- Performed bookkeeping tasks, including handling receipts, tracking sales records, and balancing daily reports
- Developed strong multitasking management skills while supporting both customer-facing and administrative responsibilities.

Server | Takeout Staff

California Pizza Kitchen | Tarzana, CA | Aug 2018 – Sep 2021

- Provided excellent customer service and managed high-volume orders.
- Trained in POS systems for order placement and financial transactions.
- Ensured quality control and compliance with restaurant standards.

EDUCATION

Bachelor of Science in Sociology, Pre-Med

University of California, Riverside | Jun 2023

Associate of Arts in Psychology

Los Angeles Pierce College | Jun 2021

High School Diploma

Sherman Oaks Center for Enriched Studies | Jun 2018
