

JOEL STAINS PILLI, MBA

Chico, CA | +1 (530) 321-0303 | pillijoelstains@gmail.com | [Linkedin](#)

PROFESSIONAL SUMMARY

Data Analyst with 5+ years of experience delivering data-driven solutions that improve operational efficiency, reporting accuracy, and executive decision-making. MBA-trained with strong foundations in SQL, Excel modeling, exploratory data analysis (EDA), KPI development, and business intelligence dashboards. Proven track record of improving data accuracy to 99%+, reducing reporting errors by 30%, and accelerating issue resolution by 43% through structured data cleaning, validation, and automation. Experienced in working with structured and unstructured datasets, building performance metrics, and delivering stakeholder-ready insights. OPT-authorized and ready to contribute immediately in a fast-paced analytics environment.

SKILLS & COMPETENCIES

Data Analysis & BI: Exploratory Data Analysis (EDA), KPI Development, Performance Metrics, Data Validation, Dashboard

Development Tools: Excel (Pivot Tables, Power Query, Advanced Formulas), SQL, Tableau, Power BI, R, STATA

Programming: SQL Queries, Data Manipulation, Statistical Modeling

Databases: MySQL, PostgreSQL, SQL Server (academic exposure)

Analytics: Trend Analysis, Statistical Concepts, Regression Analysis, Forecasting Support, Root Cause Analysis

Other: Data Integrity Standards, Audit-Ready Reporting, Cross-Functional Collaboration

WORK EXPERIENCE

Research Assistant | CSU-Chico | Chico, CA Oct 2025 - Present

- Led end-to-end data collection, cleaning, and validation for multi-program datasets (10K+ records), improving reporting accuracy to 98%.
- Built interactive KPI dashboards in Excel to track operational performance, increasing leadership decision confidence by 20%.
- Performed exploratory data analysis (EDA) to identify enrollment and equity trends, enabling targeted resource allocation.
- Wrote complex SQL queries to extract and manipulate structured data for reporting and compliance.
- Standardized documentation and data governance processes, strengthening audit readiness and reducing inconsistencies.

Instructional Student Assistant | CSU-Chico | Chico, CA Sep 2023 - May 2025

- Automated recurring reports using Excel pivot tables and formulas, reducing reporting errors and improving turnaround time by 30%.
- Analyzed operational and financial datasets to support forecasting and budget planning initiatives.
- Developed structured reporting templates adopted across teams to improve data consistency and clarity.
- Collaborated cross-functionally with academic and administrative teams to deliver timely, accurate analytics deliverables.

Head of Operations | Fusion Church | Hyderabad, India Mar 2022 - Oct 2022

- Developed KPI dashboards tracking budgets, forecasts, and program performance, reducing financial discrepancies by 27%.
- Performed trend analysis to identify operational bottlenecks, implementing corrective actions that improved efficiency and accountability.
- Established data tracking frameworks that improved performance transparency across initiatives.
- Delivered monthly executive reports translating complex data into clear strategic insights.

HR Assistant | Amazon | Hyderabad, India May 2020 - Feb 2021

- Maintained 99%+ data accuracy across workforce management systems supporting compliance and audits.
- Conducted data analysis and risk assessments to identify operational issues and reduce resolution time by 43%.
- Streamlined reporting processes through automation and cross-functional coordination, improving process efficiency.

Ad Operations Specialist | Mediamint | Hyderabad, India Jun 2018 - Dec 2019

- Managed data validation and reporting for six-figure client portfolios, ensuring high data integrity standards.
- Analyzed performance trends to optimize campaign efficiency and improve operational KPIs.
- Supported scalable reporting infrastructure through dashboard development and automation.

EDUCATION

Master's in Business Administration | California State University, Chico, CA

Aug 2023 - Aug 2025

Bachelor's in Mechanical Engineering | VNRVJIET, Hyderabad, India

Sep 2014 - May 2018
