SUMMARY

Strategic Business Analyst with 5+ years of experience driving enterprise transformation, program delivery, and operational efficiency across large-scale, cross-functional initiatives. Proven ability to align stakeholder priorities, shape roadmaps, and translate ambiguity into measurable outcomes consistently delivering value across \$35M+ programs.

PROFESSIONAL EXPERIENCE

IDOL SOFT INC, Chicago, Illinois | *Senior Business Analyst (Client – CDW)* May 2024 - Present

- Led end-to-end **SDLC execution** across a \$35M+ enterprise transformation using Azure DevOps (ADO) and JIRA, improving delivery timelines by **22%**
- Defined and managed **epics, user stories, and acceptance criteria** in collaboration with stakeholders and engineering teams, reducing requirement gaps and rework by **30%**
- Identified automation opportunities and implemented **Power Automate workflows and AI-assisted solutions (Copilot Studio)**, reducing manual reporting effort by **2+ hours per week for leadership**
- Built **dashboards** to track KPIs, adoption, and operational performance, enabling **real-time decision-making and improving reporting efficiency by 30%**
- Facilitated Agile ceremonies (sprint planning, backlog grooming, UAT), improving sprint predictability and delivery consistency
- Influenced **roadmap prioritization and resource allocation** through data-driven insights, supporting \$150M+ in projected business value

University of Illinois Chicago, Chicago, Illinois | *IT Business Analyst* Sept 2021 – May 2024

- Led implementation of a new **IT Helpdesk platform**, managing full SDLC lifecycle, resulting in **28% improvement in operational efficiency**
- Gathered and documented **business and functional requirements (BRD/FRD)** and collaborated via JIRA and Confluence, improving cross-team alignment and delivery speed
- Built **Power BI and Tableau dashboards** to track service performance and user adoption, increasing visibility into SLA metrics and decision-making
- Conducted **user behavior and process analysis**, identifying UX improvements that increased platform adoption by **28% across 20,000+ users**
- Led **change management and training initiatives**, achieving **70% adoption within the first month of launch**

Aturangi, Mumbai, India | *Business Strategy Analyst* Nov 2020 – April 2021

- Analyzed **customer acquisition, engagement, and cohort behavior** to refine GTM strategy, increasing revenue by **12% across key markets**
- Built **Tableau dashboards** to track campaign and sales performance, improving insight delivery speed by **33%**
- Optimized marketing funnels and budget allocation using performance analytics, improving campaign ROI by **14%**
- Delivered strategic recommendations to leadership, expanding customer reach by **18%**

Schedule-x, Remote, San Francisco | *Web Developer* Aug 2020 – Oct 2020

- Developed a cloud-based **SaaS platform** to enhance construction site monitoring, improving operational efficiency by 14%
- Collaborated with founders to prioritize the product backlog, aligning development with strategic goals for maximum value delivery
- Onboarded new hires and streamlined **task allocation, reducing the founding team's workload** and boosting team productivity by **15%**
