Experience

Data Analyst, Traffic Quality

Epsilon (September 2021 - Present)

- Managed Jira backlog, including epics, sprints, & tasks to oversee project progress & completion
- Using agile management as well as sprint & scrum frameworks, managed 70+ advertising campaigns with 94% above internal and brand benchmarks, exceeding team average of 77%
- Headed fraud education initiative, training team on invalid traffic, e.g. bot fraud, emulators, injected ads, malware
- Automated daily tasks using SQL, Python, VBA. Collaboratively created workbook upload Python tool saving 130 hours/year. Rewrote VBA macro to improve efficacy and efficiency, saving 260 hours/year.
- Ensured client satisfaction through cross-functional team collaboration between media delivery, account management, client, ad verification vendors, & traffic quality team.
- Corrected HTML, PHP, & Javascript ad tags to ensure proper measurement, saving >\$12,000 in lost ad spend

Program Manager

UCLA First Year Experience (February 2021 - September 2021)

- Managed all project aspects, e.g. timeline, roadmap, strategies, & documentation for 8 identity-based DEI groups welcoming new UCLA admits with in-person & virtual events, for a 50% increase in attendee enrollment.
- Briefed teams on privacy measures & best practices for platforms such as Zoom, Twitch
- Advocated for program-specific budget with UCLA admin & stakeholders; upon assignment, apportioned \$81,000 budget among 8 diverse inclusion groups with 530+ total attendees
- Gathered & analyzed data to summarize progress on KPIs & [actionable insights](#), & [present achievements](#)

Inclusion Event Director

UCLA Pride Admit Weekend (September 2017 - June 2021)

- Managed all aspects of multi-day, 100+ person event welcoming LGBTQ+ admits to campus; program attendees had a 69% enrollment rate compared to UCLA's 41% enrollment rate
- Conducted user surveys & research, implementing feedback iteratively to achieve 96% satisfaction rate
- Collaborated with administration to procure \$200,000 funding pool for yield events

Education

University of California, Los Angeles (June 2021)

B.A. (Communications, Computing Specialization)

- Major GPA: 3.7; Cumulative GPA: 3.59
- Technology: C++, Python, HTML, CSS, JavaScript, PHP, SQL, Jira, GitHub, Tableau, Confluence, Trello
- Languages: Seal of Biliteracy in French, elementary Mandarin

Projects

- Application Building: created Figma wireframes, mockups, & ProductPlan roadmaps to outline development of privacy-conscious iOS app; using Swift, XCode, & SwiftUI, developed and tested app according to agile principles
- University of Science & Tech Beijing: created & optimized new triboelectric nanogenerator modality to harvest green energy from rain, generating >15V per droplet; communicated findings in [presentation](#) & [YouTube](#) channel
- Pride Admit Weekend Website: employed iterative UX/UI design to create [website](#) driving interest & registration to UCLA inclusion event; increased event attendance by 156%
