SUMMARY

Competent Cloud Engineer with 2+ years of hands-on experience in designing, deploying, and maintaining scalable cloud infrastructure using AWS for over 1000 customers. Committed to pursuing novel endeavors, leveraging problem-solving, collaboration, and further developing technical skills to spearhead innovation and drive success for forward-thinking organizations.

EXPERIENCE

Georgia State University, CIS Department
Graduate Research Assistant

Atlanta, Georgia
Aug 2023 – Present

- Organized and led weekly lab sessions for undergraduate students enrolled in the Python course.
- Facilitated a positive learning environment in labs by providing assistance and encouraging discussions resulting in a 15% improvement in student's overall academic performance.
- Graded assignments & exams for the graduate students in the Data Programming course using Python.

SCG Solutions
Software Engineer Intern

Okemos, Michigan
May 2024 – Jul 2024

- Assisted in designing, implementing, and maintaining backend services using AWS, contributing to the development and deployment of scalable applications.
- Developed and managed CI/CD pipelines using AWS CodePipeline, reducing build and release times by 40% and ensuring automated, efficient processes.
- Participated in team meetings and code reviews, collaborating closely with senior developers to improve code quality and adhere to best practices, resulting in a 20% reduction in code defects.
- Gained hands-on experience with Infrastructure as Code (IaC) using Terraform, facilitating automated infrastructure provisioning and management, reducing setup time by 60%.
- Documented technical solutions in JIRA, providing clear and comprehensive records of project progress and issue resolution, with a focus on version controls and IT analysis.

Volkswagen Group Technology Solutions
Software Engineer

Pune, Maharashtra
Aug 2021 – Aug 2023

- Collaborated daily with customers for requirements, addressed improvements, and expectations to further identify steps to improve cloud products & incorporate automation.
- Updated AWS Security Control Policies (SCPs) and permissions weekly for the AWS landing zone product used by 1000+ customers.
- Resolved 4 to 5 compliance issues, and vulnerabilities each week, providing quick and effective support for customer cloud environment requests.
- Assisted customers in troubleshooting and resolving networking issues related to IP addressing, subnets, and TCP/IP protocols within their cloud infrastructure.
- Supported clients in configuring and optimizing HTTP/HTTPS protocols and DNS settings on web servers to enhance their cloud-based solutions.
- Delivered final product to 50+ customers successfully, overseeing the setup of required infrastructure in the AWS Cloud.
- Guided and trained 5 new colleagues through knowledge-transfer sessions emphasizing IT best practices, Oracle Database usage, and effective documentation techniques.

SKILLS

Technologies: AWS (S3, EC2, VPC, Lambda, ECS, EKS, CloudWatch, RDS), Python, Java, C/C++, SQL (MySQL, PostgreSQL), PowerShell, Boto3, Botocove, Selenium, HTML, JavaScript, Typescript, React, CSS, Bootstrap, Tailwind CSS, SAP S/4HANA, OS (Linux/Unix, Windows)

DevOps: Agile Methodologies (Scrum), Git, GitHub, Bitbucket, CI/CD pipelines, IaC (CloudFormation, Terraform), Jira, Containerization (Docker, Kubernetes)

EDUCATION

Georgia State University, J. Mack Robinson College of Business

M.S. in Information Systems (Conc. Digital Innovation)

Atlanta, Georgia

Jul 2024

Savitribai Phule Pune University

Bachelor of Engineering in Electronics & Telecommunication

Pune, Maharashtra

Apr 2021

CERTIFICATIONS

- **"AWS Certified Solutions Architect – Associate"** - Mar 2024 from Amazon Web Services (AWS).
- **"AWS Compute Concepts"** (Feb 2024) and **"AWS ML Foundations"** (Apr 2024) badges.
- **"Introduction to Containers w/ Docker, Kubernetes & OpenShift"** (Apr 2024) from Coursera.
- **"Terraform for AWS – Beginner to Expert"** (Mar 2023) from Udemy.

ACHIEVEMENTS

- Won Instapat Award Q2, 2023 in previous organization for going an extra mile to deliver on milestones.
- Cleared the qualifier round of TCS CodeVita Season 9, ranking in the top 8% out of 185k participants.
- ABU Robocon 2019: Participated & secured 7th place nationally in a multi-disciplinary college team- "Automatons".
- E-Yantra 2019-20: Led team to qualify for round 3, surpassing 150+ competitors.
- Elected as the Youth President of MYF for the 2022-23 term in Methodist English Church, Pune.
