PROFESSIONAL EXPERIENCE

Business Analyst

September 2024 – Present

CGI Federal | Fairfax, VA

- Provide Tier 2 and Tier 3 support for the client team, specializing in financial systems and general operations.
- Collaborate with cross-functional teams and independently handle various tasks related to travel, systems, budgets, SQL, IPP, and functional testing.
- Resolved over 60 support tickets and completed 10 change requests since October 2024.
- Authored comprehensive documentation, including detailed "How-To" guides and process notes to support team knowledge sharing and onboarding.
- Perform change requests to support clients with financial reporting needs and implement new Momentum business processes that enhance agreement tracking efficiency.
- Assist newer team members by offering guidance on system setup and usage, including SOAP UI and SQL tools. Participated as a training assistant in a client-facing program, helping teach Momentum® subsystem functionality.
- Mentored a 2025 summer intern, providing onboarding, task guidance, goal-setting, and performance feedback to leadership.
- Represent CGI at recruiting events, including campus career fairs and the CGI Consulting Challenge, engaging with prospective talent, and promoting the organization.

Momentum® Apprenticeship Program (MAP) Team Member | CGI Federal

June 2024 – September 2024

- Analyzed client support requests and applied structured testing processes to validate system issues and confirm accurate resolutions.
- Gained hands-on experience across various Momentum® subsystems through structured training and practical application.
- Demonstrated strong research and analysis skills by effectively leveraging Momentum® Support resources and troubleshooting within the system.
- Completed the SOAR program, receiving training in professional consulting practices and functional system support.
- Strengthened technical proficiency and system navigation skills, establishing a solid foundation in Momentum® application functionality.
