Summary

Entry-Level Software Engineer with hands-on experience developing full-stack applications in Agile sprints. Completed a software engineering internship at JPMorgan Chase, deploying Java-based APIs, collaborating through Git and Jira, and delivering production-ready features every two weeks. Strong foundation in OOP, data structures, and modern web technologies.

Internship Experience

Software Engineering Internship

June 2025 to Aug 2025

JPMorgan Chase & Co

- Developed API calls using Java and deployed to production
- Collaborated in an Agile environment, participating in sprint planning, code reviews, and daily stand-ups with a cross-functional team of 8 engineers.
- Presented final project to senior leadership, receiving positive feedback and proposed for integration into production systems.

Education

Pennsylvania State University, Harrisburg

Expected Graduation: Fall 2025

Major: BS in Computer Science

- **Relevant Coursework:** Object Oriented Programming, Calculus(I, II, III), Database Design, Data Structures, Artificial Intelligence, Algorithms, Software Engineering

Skills

Languages: C++, JavaScript, HTML/CSS, Java, SQL, **Frameworks:** React.js

Tools: Git, Jira, IntelliJ, Oracle Database, MS Power Automate, Excel

Concepts: Agile Development, RESTful Apis, Full-Stack Web Development, Database Design

Selected Projects

JPMorgan Chase & Co Code for Good 2025 Hackathon

October 4, 2024

Spur Impact: “Tinder-Style” Swiping Algorithm

- Worked in a team of seven for 24 hours of no sleep to design, implement and deliver a “Tinder-style” matching algorithm designed to connect Emerging Leaders with Non-Profit Organizations to Spur Impact Association needing an extra hand.
- Implemented utilizing MERN (MongoDB, Express.js, React.js, Node.js) stack

Insurance Software System Project

- Developed a Java and SQL system using Oracle Database and IntelliJ IDE

Additional Experience

ChartSpan Medical Technologies - *Patient Care Coordinator*

Oct 2021 to Jan 2023

- Ensured accurate medical records and assisted 15 to 20 patients daily.

Starbucks York Roasting Plant - *Shipping TLA Coordinator*

Feb 2016 to Jul 2021

- Managed administrative and logistics processes, supported HR orientations.

Hobbies

Gardening, Bread baking, Pasta making, POGO, Knitting, Home DIY Projects
