

MAAD EL GALI

Data Analyst

Seattle, WA | (209) 954-2348 | maadmmelgali2012@gmail.com

HARD & SOFT SKILLS

Data Analysis & Visualization: Python, R, Tableau, SQL, Microsoft Excel, WebAnno, Tableau, ggplot2, Matplotlib

Data Modelling: Statistical Analysis, Predictive Modelling, Machine Learning Modelling, NLP

Database Management: PostgreSQL

Statistical Techniques: T-Test, ANOVA, Regression Analysis, Hypothesis Testing

Soft Skills: Communication, Teamwork, Presentation, Critical Thinking, Organization, Problem-solving, Adaptability

Other Skills: Zoom, Microsoft Teams, Salesforce

EXPERIENCE

English as a Second Language Instructor

8/5/2019- 5/10/2024

UOP International (Shorelight Education Partnership)

Stockton, CA

- Taught Academic English courses to international undergraduate & graduate students
- Coordinated all undergraduate and graduate Academic English courses
- Designed, developed, and taught the Advanced Graduate Writing & Communication for Data Science & Engineering
- Prepared course materials and instructional materials for students
- Identified, analyzed, and resolved difficulties of students in learning language
- Used Canvas to post syllabi and assignments, assign homework and assessments, track grades and attendance, and communicate with students and colleagues
- Attended all weekly departmental meetings and held weekly office hours
- Assisted in development, review, and assessment of program curricula, assessment, activities, and student services.
- Gave written and oral feedback to students on their work
- Proctored the placement test iTEP at the beginning of each semester
- Used Excel and Tableau to analyze and report on students' academic performance
- Delivered new student orientation and advising sessions at the beginning of each semester
- Served on the program's assessment and curriculum committees
- Led the CEA accreditation process for UOP International during the 2023/24 academic year
- Collaborated with teaching, administrative, and financial staff members across several Shorelight Education partnerships

English for Academic Purposes Instructor

5/16/2016- 5/15/2019

USC International Accelerator Program

Columbia, SC

- Taught Academic English courses to international undergraduate students
- Taught the four language skills: Writing, Reading, Speaking, and Listening
- Used appropriate methodology specific to the fields of TESOL, pedagogy, and adult education
- Prepared course materials and instructional materials for students
- Identified, analyzed, and resolved difficulties of students in learning language
- Evaluated and provided academic counseling to students
- Used Blackboard to post syllabi and assignments, assign homework and assessments, track grades and attendance, and communicate with students and colleagues
- Attended all weekly departmental meetings and held weekly office hours
- Did weekly calibration meetings with faculty
- Assisted in development, review, and assessment of program curricula, assessment, activities, and student services.
- Gave written and oral feedback to students on their work
- Proctored the placement test iTEP at the beginning of each semester

SELECT DATA SCIENCE PROJECTS (10/1/2024 – PRESENT)

Academic Intervention for At-risk Students (Python)

- Examined student data from a large Portuguese school
- Predicted student grades based on several pertinent variables
- Modelled student data with Linear Regression, SVM Regression, and Lasso Regression
- Compared the performance metrics of the three ML models
- Selected the model that rendered the highest accuracy rate, 77.36%
- Wrote a complex data-related report to non-technical stakeholders

U.S. University Database Creation & Analysis (SQL)

- Created new relational databases in SQL Server
- Created 11 tables such as Student, Grades, Advisor, Course, Prereq, Department, and Classroom
- Populated the tables with data
- Performed extensive data cleaning
- Used JOINS and SET operators to combine data from several tables to analyze courses and their prerequisites
- Aggregated data to identify high and low achievers among students

U.S. Regional Sales (Tableau)

- Joined several tables from the Sales dataset & created LOD calculations
- Created Standard and Statistical charts to understand the data
- Created engaging and interactive dashboards to present the most important insights from the data
- Delivered a Tableau Story that provided an in-depth analysis of the data with insightful findings

INTERNATIONAL & REGIONAL CONFERENCES

El Gali, M (2019, November). *Investigating the Efficacy of Written Corrective Feedback within the Expectancy Value Theory*. Paper presented at the Symposium on Second Language Writing 2019, Arizona State University, Tempe, AZ.

El Gali, M. (2019, March). *The Efficacy of Delivering Comprehensive Feedback via Google Docs*. Paper presented at TESOL 2019 International Convention & English Language Expo, Atlanta, GA.

Liu, Q. & El Gali, M. (2018, June). *Experimenting with Google Docs and Jing: Stories from Two EAP Writing Teacher-Researchers*. To be presented at the CALICO (The Computer Assisted Language Instruction Consortium) Conference, Urbana-Champaign, IL.

El Gali, M. (2017, April). *Enhancing Written Corrective Feedback Through Screencasts*. Paper presented at Borough of Manhattan Community College, New York City, NY.

EDUCATION

Eastern University, St. Davids, PA — *Master's degree in Data Science* (January 2024 – April 2025)

West Virginia University, Morgantown, WV — *Master's degree in Linguistics & TESOL* (August 2013 – May 2015)

Benghazi University, Benghazi, Libya — *Bachelor's degree in English Language & Literature* (September 2006 – May 2010)
