Professional Experience

Franklin Street Partners – Chapel Hill, NC

Investment Performance and Marketing Analyst, 07/2022 – 10/2024

- ❖ Utilize FactSet, Bloomberg, Microsoft Excel, Microsoft PowerPoint, and Morningstar for client reporting, equity analysis and internal strategy portfolio characteristics. Clients range from \$1-100 million
- ❖ Operate Advent Portfolio Exchange to generate custom portfolio performance and cash flow reports over tailored time periods with updated asset allocation charts
- ❖ Work with Investment Team on marketing materials for monthly and quarterly internal equity and fixed income strategy performance, market overview and outlook, and index performance
- ❖ Led final business pitches for prospective clients, managing the internal sales process and coordinating input from Relationship Managers to produce highly customized pitch books for prospects ranging from \$5-100 million
- ❖ Prepare hypothetical asset allocation models based on client investment objectives and risk tolerance
- ❖ Oversee database for distribution of equity and fixed income strategy factsheets/one-pagers to ensure GIPS compliance
- ❖ Managed all RFPs in collaboration with Relationship Managers, Portfolio Strategists and Investment Team members to coordinate responses, leading to contribution of \$15-20 million in new business
- ❖ Utilize CRM system Salesforce to track existing client and new prospect databases and format potential business pipeline materials for bi-monthly sales meetings with CEO

APC Towers – Raleigh, NC

Project Coordinator/Finance Intern, 01/2021 to 08/2021

- ❖ Created and processed over \$2 million in purchase order requests, purchase orders and invoices
- ❖ Responsible for budget development and management of cash flow, while providing visibility and financial support
- ❖ Utilized financial models to capture discrepancies in projected vs actual revenues and costs
- ❖ Managed company's Accounts Receivable and Accounts Payable, reconciling expenses using Concur and QuickBooks
- ❖ Built competitive analysis models to determine areas of company interest and develop entry plans for potential sites
- ❖ Updated forecasts for various sites in the company pipeline and explained why a forecast may or may not have changed and updated trend lines for each quarter
