California Polytechnic State University, San Luis Obispo, CA March 2022

B.S. Business Administration | Concentration: Information Systems

GPA: 3.8

Magna Cum Laude | President's List | Dean's List

WORK EXPERIENCE

Implementation Consultant: RealPage, Remote

October 2022 – January 2025

- Helped lead a team tasked with the design and development of enterprise-wide websites for clients utilizing HTML, CSS, Javascript, and other CMS tools, worked on dozens of projects totalling over \$5,000,000 + in profit
- Led the onboarding of new client assets for projects by gathering requirements, validating data accuracy, and configuring digital content, ensuring alignment with company standards.
- Served as the primary owner of platform configurations while collaborating closely with cross-functional teams including QA, Engineering, Design, and Copy to ensure accuracy, alignment, and timely delivery.
- Acted as the liaison for translating client feedback into actionable technical updates, implementing changes to site structure, content, and features while balancing usability, performance constraints, and scope requirements.
- Successfully launched client web products under tight timelines by managing final QA, resolving outstanding issues, and coordinating cross-team efforts before handing off accounts to the Customer Success team for ongoing support.

Operations Intern: Epic Aircraft, Bend, OR

June 2021 – September 2021

- Entered and maintained accurate customer data in internal spreadsheets and tracking systems to support sales outreach, event planning, and CRM updates.
- Assisted in organizing Epic's annual fly-in event by coordinating logistics, preparing event materials, and supporting guest communication to ensure a smooth and successful experience for attendees.
- Engaged directly with customers during events and follow-up efforts to gather feedback and answer questions.

PROJECTS

AI-Powered Customer Support Chatbot (Web Demo)

May 2025

- Developed and deployed an AI-powered chatbot using API integration to provide instant customer support, enhancing response efficiency and demonstrating modern web development capabilities.

Interactive Business Analytics Dashboard

July 2025

- Designed and built an interactive analytics dashboard to track KPIs, identify performance trends, and support data-driven decision-making for business operations.
