EDUCATION

LAKELAND COMMUNITY COLLEGE

Kirtland, Ohio
Associate of Science (A.S.) Physics (May 2018)

LAKELAND COMMUNITY COLLEGE

Kirtland, Ohio
Associate of Arts (A.A.) (May 2018)

Currently enrolled in:

ARIZONA STATE UNIVERSITY

Tempe, Arizona
Bachelor of Science (B.S) in Physics

WORK EXPERIENCE

LABORATORY ANALYST

Alliance Technical Group, Cuyahoga Falls, OH
December 2025 – Present

- Environmental testing Laboratory
- Performed EPA testing methods for quantification on radium-226 and radium-228 in potable and non-potable water.
- Followed and strictly adhered to SOPs
- Performed radiation screening for alpha and beta radiation on samples
- Performed tests in timely manner to present results to customers
- Analyzed results to quantify radiation levels of samples

LABORATORY TECHNICIAN II

Cardinal Health, West Chester, OH
September 2022 – October 2025

- Manufacturing laboratory environment for radioactive drugs.
- Performed quality assurance tests on drug products to ensure conformance to FDA guidelines and following cGMP.
- Quality assurance tests performed:
 - Residual solvents test using gas chromatography.
 - Radiochemical identity and purity using thin layer chromatography.
 - Endotoxin tests with PTS
 - pH and Half-life tests
- Performed passive airborne monitoring of various lab locations.

- Performed sterility testing of product.
- Performed media reads of settle plates, surface sample plates and media tubes.
- Followed and adhered to strict SOP guidelines.
- Adhered to good documentation practices.
- Performed production of drug products in a clean room environment with proper aseptic technique.
- Performed tasks relating to DOT radiation regulations, labeling, strict packaging, and proper handling.
- Added to site Radioactive Materials License as an authorized user.
- Operated Cyclotron
- Setup Chemical synthesis units
- Performed daily, weekly and monthly cleanings on rooms, and hot cells.
- Trained new Lab Techs
- Continuously adhered to proper radiation safety principles

TARGET TEAM MEMBER

Target, Fairfield, OH

August 2021 - September 2022

- Stocked and replenished merchandise according to store merchandising layouts
- Used technology to read instructions and enter information
- Responsible for providing superior customer service, stocking, inventory management, front-end services, operating cash register and maintaining store conditions
- Learned how to prioritize to get work done in a timely manner and to drive the sales
- Lift 40 pounds repetitively and assist with heavy merchandise

RESTAURANT SERVER

Cozumel Mexican Restaurant, Cleveland, OH Feb 2021 - August 2021

GENERAL MANAGER

Jalapeno Loco, Mentor, OH Mar 2016 - Nov 2020.

Skills:

Spanish - Fluent speaker, writer

Radiation Safety

High Level Mathematics

Cyclotron Operation

Programming languages: Python, Latex, and Wolfram Language

Arduino

Electronic Circuits

Gas Chromatography

Radio thin-layer chromatography

Endosafe PTS

Operated general lab equipment

Problem Solver

I am knowledgeable with computers, and good at troubleshooting

Worked with various programs; Word, Excel, Mathematica, Illustrator, SAP, Chromeleon,

Isotrac, Fusion360, Sketchup
