SUMMARY

A passionate creative minded individual who has worked in different platforms from being an HR manager to a teacher to college and school students at various points in my career, I have been involved with the training and management field in different capacities for over the last decade. Actively looking for good opportunities where my skills could be leveraged in the appropriate environment.

PROFESSIONAL EXPERIENCE

HR & Project Manager @ Innovations Expedition Pvt Ltd (a start up firm)

Oct'18-Apr'19

Innovations Expedition is a wide market place that seeks to promote any prospective innovations and maximize the human potential within the business sector. Our vision is to develop the 21st century skills by excavating and projecting those unboxed ideas.

As a HR Manager, I was responsible for leading the team in conceptualizing, organising and successfully conducting a professionals' event named 'Young Idea Conclave' which garnered the interest of students, teachers and parents for starting a unique platform where all the guidance for personal and professional development for the student community were made available in an interactive environment. Sashi Tharoor MP was the Chief Guest.

Teacher Partner @ CueMath Pvt Ltd (a home based after school Maths foundation program) Oct '17 – Present

CueMath is a sophisticated after-school math learning program for children from KG to 8th grade. Designed by math, education and technology graduates from IIT, IIM, Cambridge, Stanford and Harvard. Cuemath is making thousands of children great at math.

As a CueMath teacher, the overall responsibility is to bring interest for kids in Mathematics and lay foundation to understand basic mathematics using various tools such as worksheets, tab based exercises and puzzle cards. The teacher would be taking children on a math adventure through a combination of worksheets, tab-based exercises and mathematical puzzle cards. Children benefit from the best of the offline as well as online worlds with three in-person sessions every week. The daily routine includes:

- Helping students in solving the CueMath worksheets
- Helping them complete their Tab based Cuemath exercises
- Introducing them with the Math Puzzle cards and help them to solve it

Lecturer, Computer Science @ Fr. C. Rodrigues Institute of Technology, Mumbai

Jan '09 – Jun '09

Fr. C.R.I.T. has, within a short span of time, established itself as a leading engineering college in Mumbai University. Though its reputation rests mainly on the high quality, value-based technical education that it imparts, it has to its credit a verdant, well-maintained Campus and extensive facilities. Its location in the vicinity of the holy places of various religious denominations underscores its secular credentials and its philosophy of "Vasudhaiva Kuttumbakam". <http://www.fcrit.ac.in>

As a lecturer at the CS department, the major responsibilities included:

- Teaching at undergraduate students in areas allocated by the Head of Department and reviewed from time to time by the Head of Department.
- Assisting in the development of learning materials, preparing schemes of work and maintaining records to monitor student progress, achievement and attendance.
- Participating in the development, administration and marking of exams and other assessments.
- Provide counselling and support to students.
- Contributing to departmental, faculty, or working groups or committees as requested.

The subjects taken up were

- Networking Technology for Digital Devices for S4 IT Students
- Mobile Computing for S7 Computer Science Students

Lecturer, Computer Science @ Rajagiri School of Engineering & Technology April '07 – May '08

Rajagiri School of Engineering & Technology (RASET), established in 2001, is a private self-financing technical institution affiliated to the Mahatma Gandhi University, Kottayam, Kerala, and approved by the All India Council for Technical Education, New Delhi. The School offers Bachelor of Technology programs in different branches of Engineering & Technology. www.rajagiritech.ac.in
