

Priyasri Sankaran

Frisco, Texas | 713-820-1288 | priyasrir@yahoo.com | [LinkedIn](#) | [GitHub-Portfolio](#)

Summary

Data analyst with a strong foundation in educational research, program evaluation, and advanced data analysis. Skilled in statistical tools and data visualization platforms to interpret and communicate complex data insights. Proven ability to drive strategic decisions through clear reporting, dashboards, and collaboration with cross-functional teams. Passionate about educational impact and leveraging data to support student success.

Education

Master of Science in Data Science and Statistics

Graduation: **December 2025**

The University of Texas at Dallas, Richardson, Texas

Technical Skills

Microsoft Excel (Power Query, PivotTables, formulas, data cleaning), PowerPoint, MS Access, Word, Power BI, Tableau, R, Python (Pandas, Scikit-learn, Matplotlib), SAS, SQL, C++, Apache Spark, Data Structures & Algorithms, Statistical Analysis, Machine Learning, Data mining, Dashboard Design, Fundamentals of Internet Of Things(IOT), Better Impact Management, Skyward Student Management, Laserfiche, Casebook reporting, callRail, Simple Practice

Projects:

- **Built and analyzed relational database** as part of **Big data coursework SQL** project, leveraging **ERD modeling**, table creating, and some intermediate queries to extract insights and support decision-making.
- **Applied foundational SQL skills in MSSQL and PostgreSQL** environments through Coursera course.
- Built a **Recommendation system** and genre prediction model with **Machine Learning** techniques model based on a Netflix data: implemented with **Python** (Pandas, Matplotlib, and Scikit-learn) and presented in **PowerPoint**.
- **Transformed categorical data** into binary matrices for across **R, SAS and Python** for efficient model training
- Executed **cross-validation techniques** and applied **diverse machine learning algorithm** to assess model performance in **R and Python**
- **Visualized data insights using Power BI, Tableau, SAS, R and Python** to enhance **exploratory and diagnostics** analysis.
- **Utilized regression models and ANOVA** in **SAS** to predict patient outcomes and interpret interaction effects.
- **Conducted hypothesis testing in pharmaceutical studies** to ensure **statistical validity** and model interpretability, applying rigorous methods across **R, SAS and Python**
- **Refined model assumptions through transformation** techniques, enhancing overall accuracy and reliability.
- **Classified high-dimensional data with Principal Component Analysis (PCA)** on Human Activity Recognition dataset.

Work Experience

Data Analyst Intern, Stanford Couples Counseling, Dallas, Texas

January -May 2025

- Provided **Data Entry services**, implementation of **new strategies** for more **efficient** and **effective data analysis**.
- Performed detailed **data analysis, synthesis**, and reporting in **Microsoft Excel** including formulas, pivot tables, and data visualization tools.
- Updated past 2 years of records for analysis

Data Analyst Intern, Heart of Courage, Dallas, Texas

January-May 2024

- **Developed and executed queries in MS Access** to clean, merge, and analyze program data
- **Collaborated** with a dynamic team to extract insights, laying the groundwork for strategic decision-making.
- Transformed raw statistics into visually compelling **dashboards with Power BI, Power Query, and Casebook** reporting.
- Effectively **communicated** complex concepts with clarity and precision
- Maintained supporting documentation of measurement methods, evidence, and **reporting processes and created PowerPoint presentation to Stakeholders**.

Registrar and Paraprofessional, Prosper Independent School District, McKinney, Texas

October 2017-July 2023

- **Managed over 900 students each year, met deadlines, collaborated, and contributed** ideas with Team Members
- **Analyzed data** trends related to student registration, compliance, and attendance.

- **Developed and implemented techniques** unique to the school and delivered **2 consecutive successful** academic years.
- **Organized** and **maintained** document on **Laserfiche**, registrations, attendance, and report cards.
- **Designed and documented** highly successful training materials in Excel, word, PowerPoint and **trained** Registrars.
- **Provided excellent customer service based on concerns, or requests by problem-solving skills.**
- **Supported** co-registrars with **troubleshooting** and **technical solutions for Skyward.**
- As a paraprofessional staff **collected data** and submitted **reports** to the case manager.
- Assisted students with **academic** needs and **behavioral** support.

Other Experience:

Private Math Tutor, Self-Employed, Frisco, Texas

October 2017-Present

- **Crafted** customized lesson plans and academic strategies tailored to 100% individual learning needs and curiosity.
- **Mentored students preparing for Credit by Exams with 85% success rate.**
- **Communicated efficiently** on time with parents regarding students' performances.

Volunteer Work

Karya Siddhi Hanuman Temple, Frisco, Texas

August 2016-Present

- Maintain the **Better Impact volunteer application system** for active volunteers, including onboarding, tracking hours, and data reporting.
- Coordinate **onboarding and application processing**, ensuring timely approval and compliance with organizational policies.
- Provide **technical support** and orientation to new volunteers to ensure smooth participation and **system usage.**

Girl scouts, Texas

August 2013-2024

- Volunteered for **Girl scouts** troop meetings and cookie booths.
- **Guided** Girl Scouts for their **Silver, Gold Awards**
- Guided **Juliette's** with their **Badge activities** and coordinated for **cookie booths.**
