Total Wine & More

08/2022-Present

Enterprise Promotions Analyst

Analyzed historic data from multiple platforms to design customer-facing discounts in coordination with marketing promotions, optimizing customer engagement and returns on investment in omni-directional campaigns.

- Spearheaded the storewide March Madness campaign, a new promotional endeavor in the calendar
- Cyclically designed and forecasted the performance of limited time promotions, weighing margin, cannibalization, and incremental sales against promotional costs
- Loaded and reviewed sales, integrating new data to enhance the accuracy of the prediction model

Promotions Planning Analyst

Harness singular in-store experience, heightened product knowledge, and multifaceted data background to develop in-store promotional displays and messaging across multiple intersecting periods, report plans cross-functionally to multiple teams and tiers, and coordinate inventory plans to appropriately stock stores chainwide.

- Coordinated new inventory plans for the Grand Opening of 12 new stores, and 30+ store remodels
- Built a new planning file to consolidate promotional planning, expanding our capacity to plan more displays over a larger timeframe and improving cross-functional collaboration
- Initiated weekly shareout emails to keep multi-departmental teams aligned and accountable
- Upgraded the team's SQL and Excel toolset to increase efficiency, clarity, and execution of high-level strategies
- Created a new submission form to simplify the process for stores to request changes to inventory, ensuring higher accuracy and timely input
- Analyze store sales and demographic data to identify useful market segmentations and action more effectively individualized promotional campaigns
- Codify standard operating procedures in accessible and informative process documentation

Sales Specialist, Classroom Instructor

Leverage product knowledge, positive customer service, and affirmative salesmanship to assist customers with identifying wines and spirits that match their needs, and utilizing savings resources to maximize sales opportunities and consumer purchasing. Top member in a sales team that was ranked #1 for wine sales in the company, and #3 for spirits.

- Trained and onboarded temporary and permanent seasonal hires, commended for camaraderie and support.
- Provided primary customer support to internal and external customer with forward-thinking strategies focused on addressing customer needs and increase customer satisfaction
- Liaised with customers and management to better understand customer needs and develop solutions.
- Proved successful working within right deadlines and fast-paced atmosphere.

Data Analyst

Jazwares Global Procurement

10/2021-03/2022

Conducted quantitative analysis on procurement and finance data to optimize purchasing decisions. Cleaned and prepared datasets for forecasting models, improving decision-making accuracy.
