Work Authorization: U.S Green Card Holder

EDUCATION:

Jawaharlal Nehru Technological University, Hyderabad

B.Tech, Computer Science Engineering | Jun 2005

EXPERIENCE:

Data Analyst, Volunteer Partner – American Red Cross, Washington DC (Remote) | 2023 – Current

- Developed and maintained Power BI dashboards for OGC, involving data wrangling and cleanup of Excel sources (updated via Power Automate) to track income/expenses by various parties, states, and clients.
- Designed dashboards using Excel and SQL Server data sources (connected via Gateway), and provided ongoing troubleshooting, ad-hoc support, and implemented feature change requests.
- Streamlined OGC reporting processes by redesigning dashboards and migrating Excel sources to a SharePoint folder, reducing manual effort by an estimated 80%.

Software Engineer - Infosys Technologies, Hyderabad | 2005-2009

- Collaborated directly with clients to gather business requirements, dedicating approximately 25% of project time to analysis and report generation. Utilized SQL, PL/SQL, and Oracle Forms 9i to develop solutions that aligned technical implementations with business needs. Also played a role in mentoring new team members.

SKILLS

Analytical Tools:

- Power BI/Power Automate
- Microsoft Fabric
- Advanced Excel

Programming Languages:

- SQL (Structured Query Language)

Database:

- MySQL

PROJECT Experience:

Hospitality Analysis - Hotel Chain Business [Power BI | Excel]

[GitHub Repo](#) | [Live Dashboard](#)

- Developed Power BI dashboard, transforming data with Power Query and building a star schema model with DAX measures for key hospitality metrics like RevPAR and Occupancy.
- Designed an interactive Power BI dashboard featuring week-on-week change indicators, trend tooltips, and dynamic filters, iteratively refining it based on stakeholder feedback.
- Delivered actionable revenue insights, identifying untapped dynamic pricing opportunities and recommending a focus on the bottom 20% of underperforming hotels for an 80% overall business improvement.

Business 360 - Brick & mortar and e-commerce [Power BI | SQL | Excel | Dax Studio]

[Live Dashboard](#)

- Established a Power BI dashboard gathering sales data from 2 different sources (Excel/CSV, SQL database). Optimized with DAX Studio, resulting in a 5% performance boost and 20% data-related expense reduction.

Sales Insights – Brick & mortar business [Power BI | SQL]

[Live Dashboard](#)

- Designed a Power BI dashboard to understand AtliQ hardware's last 4 years' sales trends.
- This dashboard could direct the raise of the revenue at least by **7%** in the next quarter.

Sales Analytics [Excel]

[GitHub Repo](#)

- Developed comprehensive sales and finance reports, leveraging advanced Excel functionalities (ETL, Power Query, Power Pivot, DAX) to drive strategic decision-making and performance evaluation.

CERTIFICATIONS:

- [Microsoft Certified: Power BI Developer Data Analyst Associate](#)
- Certificate of Appreciation from AMERICAN RED CROSS towards my contributions and dedication to the Office of the General Counsel and my commitment to the humanitarian mission of the American Red Cross
- Attended *Fabric Analyst in a Day* workshop conducted by Microsoft

OTHER ACTIVITIES:

- Yoga & Mindfulness * Reading * Hiking & Nature Exploration * Pickleball
