EDUCATION:

Virginia Tech

B.S., Environmental Science, with minor in Green Engineering

May 2016

- 3.72 GPA, graduated *magna cum laude*
- Relevant courses taken: Environmental Soil Chemistry, Groundwater Hydrology, Wetland Ecology and Management, Wetland Biogeochemistry and Hydrology, Physics of Pollution, GIS, Climate Science

KEY SKILLS:

- Environmental Compliance
- Environmental Investigations & Remediation Design
- Inspections/Audits
- Written and Oral Communication
- Data Analysis (particularly in Microsoft products)
- Travel, Field Work, & Sampling
- Technical Report Writing
- Management & Team Leadership
- Contracts & Proposal Development

PROFESSIONAL EXPERIENCE:

AMA Earth Group, Remote

June 2025–Current

Contract Principal Reviewer

- Provides thorough, final reviews of AI-generated environmental site assessments (ESAs) to ensure on-time desktop-style ASTM-compliant Phase I ESAs delivered to clients

Eastern Research Group, Inc., Remote

July 2016–March 2025

Environmental Scientist/Engineer

- Provided support to clients such as United States Environmental Protection Agency (U.S. EPA) HQ, Region 1, Region 2, Region 6, Region 9, and Region 10, along with other federal clients
- Led or supported projects under EPA divisions including Office of Compliance, Office of Enforcement and Compliance Assurance, Office of Water, and Office of Air and Radiation, covering specific programs under TSCA, SDWA, CWA, RCRA, CAA, FIFRA along with smaller programs such as the Brownfields program
- Projects of note include: supporting methodology improvement, writing and publishing of EPA's U.S. Inventory of Greenhouse Gas Emissions and Sinks; national and regional lead-based paint (LBP) enforcement initiatives, inspections and case support under RCRA and TSCA; performed logistics, planning, field work and report development of Phase I and II ESAs

- Performed strong intra-office communication with fellow project staff, project and company management, and other support staff, and developed effective communication with both clients and subcontractors
- Obtained business-leading knowledge in TSCA LBP programmatic rules, and advanced knowledge of RCRA regulation and enforcement practice
- Regularly performed field work, including groundwater, surface water, soil, and soil vapor sampling
- Developed advanced knowledge in @RISK, Microsoft Visual Basic, Excel, and Access, knowledge of R, and familiarity with GIS and Adobe Acrobat

TRC Solutions, New Providence, NJ
Scientist Intern

May 2015–January 2016

- Worked under multiple project managers on writing and revising Remedial Action Work Plan and Remedial Action Reports, and performed field work including equipment maintenance and groundwater monitoring and sampling
- Other duties included: electronic data management; assisted in monitoring well installation oversight, soil, groundwater, and air analytical review and interpretation; generated and interpreted driller well logs for use in reports; programmed testing equipment; data entry and analysis; and quality control/quality assurance
- Obtained familiarity with New Jersey environmental law, remediation technique and practices, and written skill pertaining to remedial investigation/action reports

Texas A&M University – Corpus Christi, Corpus Christi, TX
Independent Researcher

May–August 2014

- Worked as an intern under Dr. D.L. Smee in the Marine Ecology Lab, becoming familiar with estuarine ecology of the Southern Texas Gulf Coast in a field work-intensive program
- Performed independent research, wrote an extended abstract, and presented findings at SURF Symposium 2014 on the effects of black mangrove on nektonic fauna in salt marsh habitats
- Aided Dr. Smee and graduate students in other ongoing projects, such as predator/prey interactions in mud crabs

CERTIFICATIONS/ACCOMPLISHMENTS/SKILLS:

- Contract proposal development and editing for federally-sourced RFPs and RFQs
- Federally certified RCRA and TSCA Inspector
- CBI certifications in RCRA, TSCA, CAA, and CWA
- Respirator fit-tested
- RCRA Air NEI Certificate – U.S. EPA Region 6, 2017
- Designed and created a Life Cycle Assessment (LCA) for the Blacksburg Transit (Bus) System for the town of Blacksburg, VA – Virginia Tech, 2015
- Developed a wetland delineation and management report for the town of Blacksburg, VA – Virginia Tech 2016
- Nominated for ENSC Department Outstanding Senior Award – Virginia Tech 2016
- 40-hour HAZWOPER Certification – Virginia Tech, 2015
- Advanced Research Certificate – Virginia Tech, 2016
