NYC Housing Preservation & Development | Project Lead Intern | NY, USA Sep 2025 - Jan 2026

- Automated ETL pipelines and QC workflows across 40K+ records and 70+ datasets, cutting turnaround by 18%
- Facilitated weekly stakeholder syncs to surface blockers and maintain cross-functional alignment on timelines

WoW Payments | Business IT Operations Intern | NY, USA May 2025 - Aug 2025

- Developed SQL-based automated reporting pipelines for 750+ accounts tracking ticket volume, onboarding SLAs, and churn risk indicators for leadership strategy
- Deployed Power BI dashboards tracking KPIs and merchant churn; collaborated with IT teams to resolve discrepancies and reduce operational risk

Flex Ltd | System Engineer L2 | Pune, India Nov 2020 - Nov 2023

- Managed enterprise patch deployment cycles across 5,000+ Azure/AWS, VMware, and physical workloads spanning Windows, Unix, and Solaris environments, maintaining 99.9%+ SLA adherence
- Coordinated end-to-end patch planning, testing, scheduling, and rollout with defined rollback and disaster recovery protocols for each release cycle
- Partnered with engineering and vendor teams on EOL lifecycle and OS upgrade transitions across 300+ production servers in multi-region environments
- Tracked patch compliance, SLA metrics, and KRI indicators; escalated risks and reported remediation status to cross-functional infrastructure and security teams
- Executed 100+ workload migrations (P2V/V2V and cloud) under formal change management governance, minimizing downtime by 35%

ElectronicWings | Electronics Engineering Intern | Pune, India Jun 2018 - Sep 2018

- Developed and tested embedded hardware modules; documented device configurations and maintained operational logs across 10+ IoT prototypes

PROJECTS

MindMate: AI/ML Powered Student Assistant - [Hackathon Winner](#) Mar 2025 - Mar 2025

- Built AI-powered assistant using LLM and automated workflow via agentforce at Salesforce; won **"Most Viable"** award

Enterprise Password Security & Compliance Project (Flex Ltd) Oct 2022 - Nov 2023

- Implemented Microsoft Local Admin Password Solution (LAPS) and Okta for 1,000+ domain-joined systems standardizing password rotation and identity management while supporting SOX audit compliance
- Automated encrypted password retrieval workflows, cutting incident response time by ~20%

IT Change Management Automation - ServiceNow (Flex Ltd) Feb 2023 - May 2023

- Analyzed 200+ ServiceNow tickets to identify gaps, then engineered a PowerShell automation for ticket creation
- Achieved a 30% reduction in compliance risk and saved around 6 manual hours/month via controlled deployment
