SUMMARY

Computer Science graduate with 4 years of hands-on experience in the IT industry. Expertise in Oracle Integration Cloud (OIC), VBCS, Oracle Cloud ERP, Oracle Fusion, API development, and cloud migrations. Certified Oracle Cloud Infrastructure Associate and Oracle Integration Cloud Gen3, with a proven track record of designing and implementing scalable, high-performance integrations. Adept at optimizing SQL and PL/SQL queries, BI Reports (BIP, OTBI). Strong problem-solving capabilities, including troubleshooting OIC issues, debugging integration failures, and enhancing system security.

RELEVANT EXPERIENCE

Analyst

Deloitte USI, India

Jul 2021 – Jul 2023

- Led the digital transformation project of migrating **Oracle E-Business Suite (EBS)** enterprise to **Oracle Cloud** for clients, utilizing **Agile** methodology to deliver efficient, scalable solutions.
- Designed, developed, tested app-driven and scheduled **OIC** integration solutions using different adapters, ensuring smooth data flow and synchronization between Oracle Fusion ERP modules (AP, GL, HCM, SCM, PPM) and third-party applications.
- Conducted business review meetings with functional leads and end-users to discuss change requests and enhance existing integration services.
- Developed **Suppliers, PO, Requisitions, AP Invoices** and **Receipts** inbound and outbound integrations using **OIC** and **FBDI**
- Designed and developed **EDI850** purchase order inbound process for stagnated documents
- Leveraged **PL/SQL** in OIC integrations to enhance operational efficiency by 30%.
- Hands-on experience on developing Custom BI Reports and registering them as **ESS** jobs and customizing standard reports in Oracle Fusion SaaS
- Applied performance tuning techniques to **Oracle BI Reports**, optimizing SQL queries and improving report response times by 40% by reducing execution time and enhancing client satisfaction with timely data delivery.
- Enhanced user experience by developing web applications using Oracle VBCS for Timecard.
- Engaged directly with clients to understand integration requirements, providing technical expertise and support for **System Integration Testing (SIT)** and **User Acceptance Testing (UAT)**, ensuring data integrity and seamless user experience.
- Received an **Applause Award** for delivering high quality deliverables and fostering strong team collaboration.

Graduate Assistant

Texas Tech University

Aug 2023 – Present

- Developed **Control Flow Graph (CFG) analysis** of **Java** programs, enabling identification of the critical integrity breaching-security vulnerabilities and improved data flow visualization
- Implemented **client-server** architecture and **blackboard** architecture to test program analysis, enhancing security of applications by identifying vulnerabilities and integrity breaches by 40%
- Conducted research on smart contracts to identify the patterns of integrity breaches in solidity code
- Specified **17 integrity breach conditions (IBCs)** for smart contracts based on variable modifications and function invocations
- Implemented a framework using **python** for static analysis of the **Solidity** code to detect the potential security spots that can compromise data integrity

CERTIFICATIONS

- Oracle Certified Cloud Infrastructure Foundation Associate.
- Oracle Fusion Technical Oracle Integration Cloud OIC Gen2.

TECHNICAL SKILLS

- Integration and Cloud Technologies:** OIC, VBCS, Oracle Fusion, OIC Components, OTBI, BIP Reports, FBDI, Extract Transform Load (ETL), OIC Fault Handling, OIC Adapters (REST, SOAP, FTP, DB, Oracle ERP, Non-Oracle), B2B, EDIX12, OCI, OAC, OLAP, XSLT
- Database and Tools:** Oracle SQL, PL/SQL, TSQL BI Publisher, Oracle Database, Tableau, Jira, Git, SaaS, MS Word, MS Excel, Postman, SoapUI, MS Visio, MS Power Point, SFTP
- Programming Languages:** Java, Python (NumPy, Pandas, TensorFlow, Matplotlib), JavaScript, C#, Linux, Angular, Ajax
- Web Development, Services and APIs:** HTML, CSS, JSON, React, JQuery, PHP, REST, SOAP, XML, WSDL, XSD
- Frameworks and Methodologies:** OOPS, Agile Methodology, Supply Chain, Finance, Logistics, Oracle SaaS, PaaS, Software Development Life Cycles (SDLC), Distributed Systems, Data Structures, Machine Learning, DevOps, CI/CD

EDUCATION

Texas Tech University, Lubbock, Texas

Graduation Year-2025

Master of Computer Science

GPA: 4.0/4.0

National Institute of Technology Nagaland, India

Jul 2017-Jul 2021

Bachelor of Technology in Computer Science and Engineering

GPA:9.4/10

Awarded the **Gold Medal** for outstanding performance in the Computer Science Department, Class of 2021, at NIT Nagaland
