Education

University of Pennsylvania

CERTIFICATE IN FULL STACK DEVELOPMENT

Philadelphia, PA

Nov 2019 – May 2020

Wilmington Univeristy

BS IN GAME DESIGN AND DEVELOPMENT

GPA: 3.02

New Castle, DE

Sep 2011 – Dec 2015

Work Experience

Seneca Resources LLC (Remote) Contract

FULL STACK DEVELOPER

Huntsville, AL

May 2025 – Present

- Maintained and extended legacy features for U.S. Army internal systems using Angular, Java (8–17), XSL, and XSLT.
- Built and maintained complex reporting features based on Army data requirements.
- Use Fortify when code is pushed to scan any security issues that we would either refactor or define a false positive.
- Designed and delivered HTML and PDF reports with XML/XSL transformations, streamlining document workflows.

Berkley Technology Services (Hybrid) Full-time

SOFTWARE DEVELOPER

Wilmington, DE

May 2024 – Sep 2024

- Modernized workflows in a Java 7/Spring MVC environment.
- Built Java unit tests to ensure legacy system stability.
- Developed workflow logic using JavaScript and XML in a WebSphere setup.

Agile5 Technologies (Remote) Full-time

SOFTWARE DEVELOPER

Fairmont, WV

Sep 2021 – May 2024

- Worked with the company's stack of React.js, Postgres, Django, and Docker.
- Led UI development and deployments on AWS for internal tools.
- Built data adapters (Java/C#) for law enforcement data integration.
- Mapped raw XML data from police reports into standardized formats.

Elroi LLC (Remote) Part-time

FULL STACK INTERNSHIP

Ann Arbor, MI

Sep 2020 – Dec 2020

- Designed user login and portal interfaces using HTML, CSS, JavaScript, React.js.
- Supported backend and CMS integration using PHP and WordPress.
