

Janvi Shah

Software Engineer

sjanvi9333@gmail.com | (201) 470 0707 | West Long Branch, NJ, USA - 07764 | LinkedIn: janvi-shah18 | Github: janvi18

PROFILE

Detail-oriented Software Engineer with a strong foundation in designing and developing scalable applications using MERN and MEAN stacks. Proficient in Python, Java, SQL, and Cloud technologies, with experience in building secure, high-performance APIs and web applications. Skilled in database management, DevOps practices, and automation. Passionate about solving complex problems, optimizing system performance, and delivering impactful solutions. Experienced in working with cross-functional teams and agile environments. Currently pursuing an MS in Computer Science at Monmouth University.

SKILLS

Programming Languages: Java, Python, SQL, JavaScript, TypeScript

Web Development: React.js, Node.js, Angular, HTML, CSS

Database Management: MySQL, PostgreSQL, MongoDB

Cloud & DevOps: AWS, Docker

Tools & Technologies: Git, Postman, REST APIs, Jira

Soft Skills: Excellent communication (speaking, listening, writing), teamwork, problem-solving

Computer Skills: MS Office Suite (Word, Excel, PowerPoint), email management, internet research

PROFESSIONAL EXPERIENCE

Full Stack Developer

August 2023 - August 2024

Neshaytech | Anand, India

Developed and maintained web applications using React.js, Node.js, and MySQL, improving performance and user experience. Built RESTful APIs, authentication systems, and cloud-deployed solutions for scalability.

Intern - Software Development

February 2023 - April 2023

Aureus Infotech, Canada | Brampton, Canada

Assisted in the development and implementation of software solutions, ensuring high-quality deliverables within project deadlines. Collaborated with cross-functional teams, enhancing project efficiency through effective communication and teamwork.

Python Developer

September 2022 - March 2023

Royal Technosoft Pvt. Ltd. | Ahmedabad, India

Developed web applications using Python, Django/Flask, and REST APIs. Optimized databases MySQL/PostgreSQL and automated tasks with Python scripts. Deployed apps on AWS with Docker.

EDUCATION

Masters in Computer Science GPA: 3.7

September 2024 - May 2026

Monmouth University | Long branch, USA

Bachelors in Computer Applications GPA: 3.5

June 2020 - May 2023

GLS University | Ahmedabad, India

CERTIFICATES

- Oracle Java SE 21 Developer Certified Professional
- Oracle Cloud Infrastructure Generative AI Certified Professional
- Oracle Cloud Data Management 2023
- Google Digital Unlocked
- Google Analytics Academy

PROJECTS

Geospatial Information Systems

January 2025 - Present

MongoDB, APIs, Node.js

- Employed PostgreSQL integration for efficient storage & retrieval of GIS data, resulting in a **substantial enhancement in querying speed**
- Drove a 50% reduction in manual data processing time, boosting efficiency & enhancing **accuracy** across operations

Abram Home Website

March 2024 - May 2024

HTML, CSS, JavaScript, React, Node.js, MySQL

- Achieved a **30% efficiency boost** across residential housing, commercial construction, and renovation projects while overseeing budget tracking, client communication, and timeline management for renovation projects

CetizenCare App

August 2023 - June 2024

Java/Kotlin (Android), Swift (iOS), Firebase, Google Analytics

- Facilitated the seamless connection of skilled service providers with users and excellence utilizing **mobile app integration and data analytics for trends.**
