PROFILE

A seasoned Project Manager possessing a wealth of expertise acquired over a span of five years within the realms of IT and Construction Fields. My tenure within a prominent Fortune 500 enterprise and navigating operations across diverse time zones has solidified my proficiency in orchestrating multifaceted projects. My background as a collegiate athlete has honed my ability to thrive under pressure, foster teamwork, and effectively engage with a spectrum of personalities and professional dispositions. Embracing the dynamic nature of project management, I remain steadfast in my commitment to constant learning and always willing to grow my skills set to excel in this ever-changing field.

WORK EXPERIENCE

Project Manager

FBI Buildings Inc. May 2022 - Present

- Manage the start-to-finish process of multiple complex construction projects at one time.
- Oversee the production and quality standards of 5 person crews along with 3 crew managers.
- Coordinate and assist sales consultants to increase company growth and generate revenue.
- Conduct pre-construction meetings with multiple heads of departments to ensure project success. Including the discussion on project scope, schedule, blueprints, and possible drawbacks.
- Work with customers and subcontractors to make sure the correct equipment and materials are onsite.
- Collect and deliver payments and essential documents.
- Utilize Microsoft Excel to formulate strategic budgetary plans and conduct analytical assessments aimed at ensuring a favorable financial outcome for projects.

Project Manager

Caterpillar Inc. May 2020- May 2022

- Managed several different high-level projects a week, maintaining a punctual timeline and deliverables met within each scope.
- Forecasted, scheduled, and monitored project timelines, customer preferences, and the cost efficiency of each project.
- Built strong community relations with subcontractors and vendors to optimize cost savings and complete tasks in a timely manner.
- Implemented several new projects a week while maintaining ongoing project schedules and deliveries.
- Employed Microsoft Project to uphold accurate and feasible project timetables.

Project Coordinator/Bridge Coordinator

Enterprise Infrastructure Acceleration

March 2019 - May 2020

- Produced Status reports for stakeholders and senior management.
- Provided procedural updates that allowed the team to correct deficiencies and improve operations.
- Prepared presentations for stakeholders and senior management detailing project scope, progress, and results.
- Coordinated with inter-company personnel and stakeholders to identify and outline solutions to client-specific challenges.
