EDUCATION

UNIVERSITY OF ILLINOIS URBANA-CHAMPAIGN, GIES COLLEGE OF BUSINESS **Aug 2023 - Aug 2024**
Master of Science, Technology Management, Information Technology & Control Concentration (GPA: 3.95/4.0)

UNIVERSITY AT BUFFALO, THE STATE UNIVERSITY OF NEW YORK **Aug 2019 - May 2023**
Bachelor of Science, Business Administration, Management Information Systems (MIS) (GPA: 3.81/4.0)
• Achievements: Dean's List Fall 2020, Dean's List Spring 2021, Dean's List Fall 2021, Dean's List Fall 2022, Summa Cum Laude

EXPERIENCE

MARS Management & Business Consulting | *Junior Business Analyst* **Oct 2024 - Present**

- Analyzed and interpreted complex datasets including healthcare claims data and marketing performance data using Python, R, and SQL, identifying trends, patterns, and insights to inform business strategies and decision-making
- Developed and implemented predictive analytics models such as propensity modeling and forecasting to predict customer behavior, outcomes, and trends, improving efficiency and supporting data-driven decision processes
- Extracted, validated, and cleansed data from multiple platforms to ensure accuracy and data integrity for statistical modeling and data manipulation, creating clear data visualizations using Power BI, Matplotlib, and Seaborn
- Collaborated with cross-functional teams, including stakeholders, to align business objectives and deliver actionable solutions that enhanced operational efficiencies, optimized ROI, and supported the achievement of organizational goals

AllPeople Marketplace | *Business Analyst Intern* **May 2024 - Oct 2024**

- Queried customer data using SQL (with GROUP BY, JOINS) to identify trends, supporting marketing strategies targeting 5,000+ active users
- Created Tableau dashboards by analyzing Google Analytics key metrics (customer feedback, churn rate), used by the leadership team for strategic decisions
- Utilized Pandas and NumPy in Python to automate customer segmentation and sales forecasting, streamlining analysis of large datasets
- Built financial models in Excel with advanced functions (VLOOKUP, Pivot Tables) for evaluating loyalty programs and subscription options

University at Buffalo, IT HELP DESK | *IT Support Consultant* **Feb 2022 - Aug 2023**

- Utilized Remedyforce Console (CRM Salesforce) to manage IT requests, tracking incidents, and ensuring timely resolutions with a 97% resolution rate within established SLAs
- Troubleshoot and resolved Active Directory, Cisco, MFA/ SSO, and Azure account access issues, ensuring seamless user authentication and system access
- Resolved 1,200+ IT tickets, applying strong problem-solving and analytical skills, while managing server systems to maintain stability and ensure optimal performance
- Provided front-line desktop support for MacOS, iOS, Android, Windows OS, Office 365, Mac, and Linux system (Scripting), troubleshooting hardware, software, and supporting network configurations (TCP/IP, VPN, DHCP, RDP)

Tech Mahindra | *Product Manager Intern* **May 2022 - Aug 2022**

- Utilized SQL to extract Pega Robotics engagement data and conducted statistical tests (Python), leading to a 15% reduction in automation errors
- Created and implemented Matplotlib visualizations to optimize product development, improving efficiency by 25% and reducing time-to-market
- Synthesized market trends, data insights, and client feedback (SQL) into a Tableau dashboard, boosting stakeholder engagement and feature adoption

McDonald's | *Data Analyst Intern* **Jul 2021 - Sep 2021**

- Led a comprehensive Maintenance & Repairs (M&R) cost analysis (R) across 152 stores in North India, achieving a 25% expense reduction and increasing equipment reliability
- Developed a cost-saving approach by optimizing preventive maintenance alerts using real-time equipment performance data
- Utilized exploratory data analysis to identify correlations between M&R expenditure and store parameters, leading to a reduction in maintenance-related mishandling and breakdowns (R)

TECHNICAL SKILLS

- Python, R, SQL, Tableau, Salesforce, Linux, AWS, MS Suite (Excel, Word, PowerPoint, Access, SharePoint), JIRA, PowerBI, Java, HTML, Slack, Confluence
