Experience

ARMED DIPLOMATIC SECURITY GUARD | 06/2024 - Current

Inter-Con Security - Washington, D.C.

- Delivered armed protective services for U.S. Department of State personnel, facilities, and classified materials in line with Diplomatic Security Service (DSS) regulations.
- Enforced access control protocols by verifying credentials, screening visitors, and preventing unauthorized entry into secure federal buildings.
- Conducted perimeter patrols and utilized surveillance systems (CCTV, IDS) to identify, assess, and respond to potential security threats.
- Executed rapid response procedures for emergencies, including threat mitigation, evacuation, and lockdown, ensuring personnel safety.

ENLISTED- SECURITY FORCES MEMBER | 01/2019 - Current

U.S AIRFORCE RESERVE - Suitland, MD

- Conducted access control, identity verification, and perimeter security for restricted zones, preventing unauthorized entry and safeguarding personnel.
- Executed armed escorts for high-ranking officials and sensitive materials, ensuring secure transport operations in compliance with military protocols.
- Responded to security breaches, alarms, and emergencies, applying defensive tactics, de-escalation strategies, and incident management procedures.
- Performed investigations, gathered evidence, and documented detailed incident reports to support regulatory compliance and operational accountability.

OPERATIONS ENGINEER | 11/2020 - 04/2024

DigitalSpec LLC. - Washington, DC

- Delivered technical support to end-users, resolving 50+ weekly hardware and software issues and achieving a 95% customer satisfaction rate.
- Assisted in network configuration, installation, and troubleshooting, ensuring optimal connectivity and system performance.
- Conducted training sessions for new employees on IT systems, reducing basic help desk tickets by 50%.
- Collaborated on antivirus deployment, decreasing malware incidents by 30% and enhancing network security.

ARMED SECURITY OFFICER | 06/2019 - 11/2021

Paragon Systems Inc. - Washington, DC

- Ensured a secure environment by conducting active patrols, enforcing access control, and monitoring surveillance systems to safeguard personnel and assets.
- Responded promptly to emergency calls, alarms, and incidents, applying de-escalation techniques and lawful actions in line with corporate security policies.
- Patrolled property perimeters and facilities in all weather conditions, verifying integrity of gates, fences, and restricted areas.
- Investigated accidents, trespassing, and suspicious activities, documenting findings and coordinating with law enforcement when necessary.

Education

Northern Virginia Community College - Alexandria, VA | Associate's Degree

Information Technology
