EDUCATION AND HONORS

COOP Careers - Data Analytics Fellow

Expected June 2025

- Engaging in a 16-week fellowship program, acquiring expertise in data cleaning, transformation, analysis, and visualization using SQL, Python, and Tableau, alongside continuous professional development
- 200 hours of instruction time with a hands-on mastery of data tools, communication training, networking, and client work with actual companies
- Selected for a highly competitive program serving underemployed college graduates from under-resourced and marginalized communities, recognizing strong leadership potential and commitment to career advancement

Binghamton University, State University of New York, School of Management

Binghamton, NY

Bachelor's of Science in Business Administration,

Graduated May 2024

Concentrations in Management Information Systems and Marketing

Cumulative GPA: 3.70/4 | Dean's List: Spring 2023, Fall 2023, Spring 2024

PROFESSIONAL EXPERIENCE

DiversIQ

New York, NY

Junior Data Analyst, Contract

Aug 2024 - May 2025

- Analyze, extract, and validate key metrics from over 300 financial filings and governance reports in the Russell 3000 to build a database of human capital and diversity statistics, delivering actionable insights to stakeholders
- Utilize Excel to perform quality assurance checks during data extraction processes, ensuring the accuracy, completeness, and consistency of large datasets
- Analyze S&P 100 corporate objectives and demographics, identified diversity trends in senior leadership, and published research articles using company reports and the DiversIQ tool

Bethel Management Inc.

New York, NY

Administrative and Analyst Intern

Jul 2023 - Aug 2023

- Enhanced identification of overdue accounts by 20% through drafting a detailed real estate policy framework, which can better help the company manage, monitor, and organize its clients
- Used QuickBooks Premier for accounting purposes and created Excel spreadsheets to track tenants, payments, and missing data, resulting in a comprehensive, organized database for Bethel
- Conducted basic operational risk analysis by identifying missing data and organizing tenant and owner information into Excel worksheets for future use

LEAN Energy US

New York, NY

Business Development and Research Intern

Oct 2022 - Mar 2023

- Researched over 80 government funding opportunities to identify opportunities that align with the organization's goals, interpreted these opportunities in written reports, and generated Excel worksheets to assist with funding objectives
- Utilized Excel and Tableau to analyze data and produce visualizations from top-performing energy companies in anticipation of the publication of the LEAN Energy White Paper on Community Choice Aggregation
- Established and managed LEAN Energy's LinkedIn presence, boosting visibility and professional networks by regularly sharing new energy opportunities and research updates

PROJECT(S)

That Coffee Place Marketing Research Project (MKTG 320- Marketing Research)

New York, NY

(Primary tools used: Qualtrics, MS PowerPoint, Excel, Tableau)

Jan 2024 - May 2024

- Conducted marketing research for That Coffee Place by defining objectives and creating a 20-question Qualtrics survey distributed to 126 Binghamton University students
- Analyzed survey results in Excel through correlation analysis and hypothesis testing and visualized data using Tableau
- Presented research objectives, methodology, findings, and strategic recommendations to enhance customer engagement and retention through improved social media and ambiance
