SUMMARY

Soon-to-be certified Business Intelligence Analyst with hands-on experience in tools like SQL, Tableau, Power BI, Spreadsheets, and Python. Currently completing my final project through TripleTen, where I cleaned and transformed raw data into actionable insights, built intuitive dashboards, and delivered solutions to real business problems. With a background in logistics and healthcare, I bring analytical thinking, clear communication, and the precision needed to turn data into decisions that drive results.

SKILLS

SQL

Power Bi

Tableau

Spreadsheets

Python (foundational)
