

AYUSH KUMBHANI

Data Analyst

Long Beach, CA, USA | +1 (331) 269-7040 | Email: ayush.kumbhani102@gmail.com | LinkedIn

Professional Summary

Data Analyst 3+ years of experience in data analysis, utilizing Python, R, and SQL. Skilled in data visualization with Tableau and Power BI, and experienced with databases like MySQL, SQL Server, and Oracle. Proficient in cloud technologies (AWS, Azure) and big data tools (Hadoop, Spark). Strong in machine learning techniques and problem-solving. Proven track record of delivering actionable insights to enhance decision-making and operational efficiency. Excellent communication and critical thinking skills.

Professional Experience

Data Analyst, Capital One Financial, USA

Jan 2025 – Present

- Conducted in-depth data analysis using Python, SQL, and R to uncover key insights and improve business processes, contributing to data-driven decision-making.
- Designed and implemented automated ETL pipelines for efficient data extraction, transformation, and loading using SQL, Pandas, and cloud services, reducing manual effort by 40%.
- Led efforts in data wrangling, cleansing, and preprocessing using Python libraries (Pandas, NumPy) to ensure 99% data integrity and consistency.
- Developed and maintained interactive dashboards in Tableau and Power BI to visualize key performance metrics and trends, leading to a 10% reduction in decision-making time.
- Built and maintained data pipelines for data wrangling and cleaning, improving data processing efficiency by 20%.
- Developed and optimized SQL queries for data extraction from MySQL and PostgreSQL databases, boosting retrieval efficiency by 20%.
- Collaborated with cross-functional teams to define data requirements and deliver actionable recommendations, contributing to a 20% improvement in project outcomes.
- Managed Docker containers and Kubernetes clusters for efficient deployment and scaling of data applications, achieving 99.9% uptime.

Data Analyst, Mphasis, India

Nov 2020 – July 2023

- Performed A/B testing and statistical modeling in Python and R to analyze user behavior and optimize product features, resulting in increased user retention.
- Designed and implemented data visualization solutions in Tableau and Power BI to track marketing campaign performance and ROI, leading to a 15% increase in campaign effectiveness.
- Utilized AWS (S3, EC2, RDS) for cloud-based data storage, processing, and analysis, reducing infrastructure costs by 15%.
- Created and maintained data pipelines using Apache Spark for real-time data processing and analysis, resulting in a 20% reduction in data processing time.
- Developed and presented comprehensive reports using Microsoft Office Suite (PowerPoint, Excel) to senior management, guiding strategic decision-making processes and achieving a 90% satisfaction rate.
- Managed project tasks and workflows using Jira and Trello for effective project management, achieving 95% on-time delivery.
- Utilized Git and GitHub for version control and collaboration on data analysis projects, improving team efficiency by 20%.

Skills

- Programming Languages:** Python, R, SQL
- Visualization Tools:** Tableau, Power BI
- Databases:** MySQL, SQL Server, MongoDB, Cassandra, Oracle
- Cloud Technology:** AWS (S3, EC2, IAM, RDS, Lambda), Azure, SSIS, SSAS, SSRS, Snowflake
- Big Data Technologies:** Hadoop, Spark, Kafka
- CI/CD:** Docker, Kubernetes, Jenkins, Shell Scripting
- Machine Learning:** Regression, Classification, Clustering, Decision Tree, Boosting & Bagging, NLP
- Project Management:** Jira, Trello, Service First, ServiceNow
- IDEs:** Visual Studio Code, Jupyter Notebook, RStudio, Atom
- Methodologies:** SDLC, Agile, Waterfall
- Tools:** Git, GitHub, Microsoft Office Suite (PowerPoint, Excel, Word), Power Pivot, Power View, Power Query
- Soft Skills:** Critical Thinking, Communication Skills, Presentation Skills, Problem-Solving

Education

Master of Science in Computer Science

Aug 2023 – Dec 2024

California State University Long Beach, Long Beach, California

Bachelor of Engineering in Information Technology

Aug 2018 – May 2022

G H Patel College of Engineering and Technology, Anand, India
