PROFESSIONAL SUMMARY

Data Analyst with 3+ years of experience delivering client-facing analytics solutions using Python, SQL, Snowflake, Databricks, Tableau, and AWS. Strong background in requirements gathering, data validation, and building enterprise dashboards that translate complex datasets into actionable insights. Proven ownership of analytics deliverables from intake through stakeholder delivery.

TECHNICAL SKILLS

Programming & Querying: Python (Pandas, NumPy), SQL

Cloud & Platforms: Snowflake, Databricks, AWS

Visualization: Tableau, Power BI

Analytics: Data Analysis, Data Validation, Data Quality, Reporting

Client Engagement: Requirements Gathering, Stakeholder Communication

Tools: Excel (Advanced), PowerPoint

PROFESSIONAL EXPERIENCE

Data Analyst | Walmart | United States | Sep 2023 – Present

- Partner with business stakeholders to gather analytics and reporting requirements and define KPIs.
- Use Python and SQL to analyze datasets, validate metrics, and identify trends and anomalies.
- Work with Snowflake and Databricks to support data preparation and scalable analytics workflows.
- Build Tableau dashboards and recurring reports for operational and executive decision-making.
- Perform data quality checks (completeness, accuracy, consistency) on reporting datasets.
- Leverage AWS services to support data access, storage, and analytics pipelines.
- Own analytics deliverables end-to-end, from intake through stakeholder walkthroughs.

Business Data Analyst | Accenture | Hyderabad, India | Aug 2020 – Jul 2023

- Developed SQL datasets and reporting views supporting enterprise analytics teams.
- Built Tableau dashboards for financial, sales, and operational performance monitoring.
- Conducted data profiling and validation to improve reporting accuracy and consistency.
- Collaborated with clients and stakeholders to document reporting logic and KPI definitions.
- Automated reporting workflows using Python and Excel, reducing manual effort and turnaround time.

EDUCATION

Master of Science – Computer & Information Science, Concordia University Wisconsin | Oct 2025

Bachelor of Technology – Computer Science, St. Martins Engineering College, Hyderabad | 2023
