SUMMARY

Data-driven and results-oriented analyst with strong experience at the intersection of business strategy, data analytics, and global operations. Holds a Master of Management Analytics and a Bachelor of Science in Applied Mathematics with a robust foundation in Python, R, SQL, Power BI, Tableau, Alteryx, KNIME, Excel VBA/Macro, and machine learning. Proven success delivering insights and automation to enhance decision-making and client performance. Bilingual in English and Mandarin.

EDUCATION

Master of Management Analytics, Queen's University – Smith School of Business | Toronto, ON, Canada | Jan 2022 – Jun 2023

Bachelor of Science in Applied Mathematics, University of Tulsa | Tulsa, OK, USA | Aug 2013 – May 2017

Advanced Diploma in International Business, Red River College | Winnipeg, MB, Canada | Jan 2018 – Oct 2018

PROFESSIONAL EXPERIENCE

Senior Associate / Associate, Global Coordination & Analytical Reporting

Vialto Partners (formerly PwC Law LLP) | Toronto, ON, Canada | Nov 2021 – Present

- Lead global immigration analytics for multinational clients, delivering insights on workforce mobility, compliance, and policy trends.
- Designed executive dashboards (Power BI, Excel VBA) and led automation initiatives (Power Automate, Alteryx), reducing reporting time by 40% and boosting operational efficiency.
- Coordinated immigration reporting across 30+ countries, ensuring SLA compliance and cross-regional consistency.
- Managed billing processes and conducted client-specific immigration spend forecasts to support budgeting and resource planning.
- Conducted ad-hoc analysis on structured/unstructured data to inform strategic planning and client presentations.
- Mentored junior staff and collaborated with legal/ops teams to optimize tools, processes, and stakeholder communications.

Strategy & Project Director / Co-Founder

VAIVA Australia (Hermosa Wealth Pty Ltd) | Remote | Sep 2017 – Dec 2021

- Directed strategic initiatives across e-commerce and marketing in AU, NZ, and China.
- Leveraged data to optimize digital campaigns and increased YoY web traffic by 60%.

Immigration Case Manager

Dayu Immigration (formerly Global Formulation Consulting) | Remote | Jan 2019 – Dec 2021

- Managed Canadian immigration applications, providing client consultations and ensuring compliance.

Web & Social Media Editor / Marketing Coordinator

IDO Media | Winnipeg, MB, Canada | May 2019 – Jun 2021

- Created digital content and maintained client campaigns across websites and social platforms.
- Conducted market analysis and supported international marketing strategies.

SKILLS & CERTIFICATIONS

Technical: Python, R, SQL, Alteryx, Knime, Power Automate, Power BI, Tableau, Excel VBA, MATLAB, Mathematica

Languages: English (Fluent), Mandarin Chinese (Native)

Certifications: Regulated Canadian Immigration Consultant (#R711077)

Work Authorization: Canadian Citizen

MMA DATA & ANALYTICS PROJECTS

- Toronto Raptors: Built simulation models to predict optimal player performance using regression techniques.
- Amazon Reviews (NLP): Used NLP and ML to extract and predict insights from customer reviews.
- Tanzania Pumps: Applied machine learning to predict pump uptime and improve rural water access.
- Netflix PRO: Developed pricing optimization models using demand elasticity to maximize revenue.
- WHO Life Expectancy: Identified key life expectancy drivers across countries using multivariate analysis.
- LCBO & iFood: Built predictive models and optimized marketing strategies to improve sales and margins.
- House Price: Predicted real estate prices with high accuracy using ensemble regression techniques.
- Music Records: Forecasted record sales performance using statistical and machine learning models.
- Wind Turbines: Forecasted performance of wind turbines and created visual dashboards in Tableau.
- Breast Cancer Prediction: Built classification models to identify significant cancer diagnosis factors.
- Bumble: Analyzed user data and proposed platform improvement strategies.
- Diamonds: Predicted diamond prices and performance using regression and clustering methods.
- Marketing Analytics: Leveraged AI and ML to enhance campaign targeting and effectiveness.
- @Risk Simulation: Conducted risk modeling and Monte Carlo simulations for business case analysis.
- Metaverse Supply Chain: Explored analytics applications in virtual supply chain management.
- Outsourcing Strategy: Applied data analytics to identify optimal global supply chain models.
- Multi-Asset Portfolio (AIM Index): Constructed and optimized equity/bond portfolios using ML models.
