EXPERIENCE

Store Supervisor

Aramark Collegiate Hospitality

📅 06/2024 - Present 📍 Ruston, Louisiana

- Managed 2 store operations, overseeing cash/credit transactions, drawer balancing, and end-of-day reconciliation
- Collaborated closely with the store manager and HR coordinator to report customer feedback and store issues
- Independently prioritized and executed transaction processing, inventory checks, and closing procedures

Clinical Observation Experience

Jacksonville Medical Care - Family Practice

📅 06/2024 - Present 📍 Jacksonville, Arkansas

- Observed clinical observation with a licensed physician to become familiar with patient interaction and clinical operations
- Learned foundational patient management skills, including patient communication, professionalism, and bedside manner
- Observed diagnostic processes, common prescription practices, insurance workflows, and physician meetings related to treatment planning and new medications

Student Researcher And Lab Assistant

Louisiana Tech University

📅 06/2024 - 09/2024 📍 Ruston, Louisiana

- Collaborated with a team of 5 researchers and university staff members on biomedical experiments studying cellular responses to various metals, focusing on toxicity, uptake, and biocompatibility effects
- Collected, analyzed, and interpreted data using statistical software; participated in team discussions to support research progress, result interpretation, and protocol refinement
- Independently executed assigned lab tasks while adhering to safety standards to collect data summaries, create presentations, and research to report individual findings back to the team

Energy Analyst

System Ops Consultants

📅 07/2022 - 12/2022 📍 Pine Bluff, AR

- Generated comprehensive reports on wholesale energy costs in the Eastern Interconnection
- Analyzed data from multiple sources to provide actionable insights for stakeholders and support strategic decision-making
- Translated complex spreadsheet data into clear, understandable summaries tailored for non-engineering audiences to improve communication and promote easier decisions

Grocery Stocker

Super 1 Food Store

📅 07/2021 - 01/2024 📍 Pine Bluff, AR

- Managed inventory for high-volume grocery department, including ordering, restocking, and organizing supplies while conducting thorough sanitation checks to maintain quality and safety standards
- Assisted 75+ customers per shift by resolving store complaints and providing product knowledge
- Developed and implemented in-store merchandising displays that increased customer engagement and supported sales initiatives

EDUCATION

Biomedical Engineering

Louisiana Tech University

📅 09/2023 - Present 📍 Ruston, LA
