

GARRETT CHEYNEY

(281) 312-9992 | garrett.cheyney@yahoo.com | Cypress, Texas 77429

PROFESSIONAL SUMMARY

Detail-oriented Project Manager with over 2 years of experience leading cross-functional teams to deliver complex projects of outstanding quality on time. Skilled in project planning, resource management, and risk mitigation, with a strong focus on stakeholder management, communication, and process optimization. Proven ability to manage multiple projects simultaneously across various industries, aligning with business objectives and ensuring client satisfaction. Adept at using project management methodologies and tools to adapt to evolving needs and drive successful, sustainable outcomes.

EXPERIENCE

Project Manager - *alliantgroup*, August 2022 – Present

Houston, TX

- Led the planning, coordination, and implementation of multiple projects' full life cycle, ensuring timely delivery and alignment with client objectives.
- Fostered strong, sustainable client relationships by proactively anticipating and addressing client needs, resulting in enhanced satisfaction and retention.
- Produced detailed weekly technical reports and analyses, providing actionable insights to clients and senior management to drive strategic decision-making.
- Collaborated with cross-functional teams, including quality control, client relations, accounting, and tax controversy, to ensure seamless project execution and optimal client satisfaction.
- Evaluated project progress at each phase, identifying areas for improvement and driving initiatives that contributed to achieving team and individual goals.
- Developed and communicated comprehensive project plans and expectations, aligning team efforts with senior management's strategic vision for effective execution.
- Advised CPAs and C-level executives on tax incentive credits and related business processes, ensuring informed decision-making and enhanced business outcomes.

Data Analyst - *NorthStar Memorial Group*, June 2018 - July 2022

Houston, TX

- Analyzed delinquent receivable data to support management in write-offs, collection strategies, and financial forecasting.
- Led biweekly meetings with management to review delinquency data and collaborate on collection strategies.
- Delivered monthly PowerPoint reports on delinquency trends, business unit performance, and collection effectiveness to leadership.
- Worked with Technical Support to develop a data-driven dashboard for better tracking and decision-making of aging accounts.

EDUCATION

Bachelor of Business Administration (BBA)

Tech University, Lubbock, TX – August 2022
