## SELECT PROFESSIONAL EXPERIENCE

### Freelance Analyst/Copywriter/Copyeditor

Jan. 2012 – Present

- Create/edit content, and involved in strategy, implementation, and evaluation for diverse clients (ex: technical writing, website/print copy, manuscript preparation, formative research, academic/professional personal statements, character development, fact checking content, and developing style guides)
- Adhere to appropriate manual styles according to client needs, including APA/MLA/Chicago

### Data Collection Associate

Jan. 2022 - Present

#### Experis for Meta | Remote

- Completed hardware, software and mobile app studies, validation, and pilot testing for 25+ studies, resulting in the launch and scaling of further development phases
- Create logs to document testing phases, and annotate video data as needed, maintaining data integrity and implementing quality assurance best practices

### Monitoring & Evaluation Advisor (Volunteer)

Nov. 2021 - Nov. 2022

#### Bridge Africa Foundation | Remote

- Defined and developed high-level M&E infrastructure strategic plan aligned with evolving goals
- Drafted reporting and analysis templates and Excel dashboards to record and visualize metrics across education-based programs and funding sources
- Identified capacity-building needs and delivered targeted training, technical assistance, and coaching to empower program staff, including initiating an internal M&E resource bank

### Evaluation Manager

Nov. 2015 - Aug. 2017

#### London School of Hygiene & Tropical Medicine | Bihar, India

Coordinated and implemented a randomized controlled trial (RCT) to evaluate the effect of Hindustan Unilever's "School of Five" program in two distinct rural districts

- Compiled evaluation results for funder reports and developed 2 journal manuscripts with PI, [1,2]
- Recruited, trained, and supervised 22 staff (field supervisors, enumerators, and data entry associates)
- Designed, piloted, and managed all research tools and databases, including informed consent forms;

multiple surveys; direct “structured” observations; pictorial diaries; ranking exercises

- Oversaw execution of data collection, quality control, data entry, and cleaning (Excel, ODK, SAS)
- Organized logistics for field work, including obtaining permissions from local government bodies
- Communicated updates to external program and funding stakeholders and partners, including local subcontracting agencies, to inform research tool development and fieldwork plans

### **Project Research Assistant**

**Jan. 2015 - July 2015**

#### **Rollins School of Public Health, Emory University | Atlanta, GA**

- Performed systematic title/abstract/full text eligibility reviews to support 9 meta-analyses on topics related to sanitation to inform the official WHO’s “Guidelines on Sanitation”

### **Monitoring & Evaluation Intern**

**May 2014 - Aug. 2014**

#### **Shelter Associates | Pune, India**

- Drafted M&E plan for 3-year sanitation intervention in 15 urban settlements
  - Created logical framework, follow-up survey instruments, and in-depth interview guides
  - Trained internal social workers on data collection tools for efficient delivery and data capture
  - Helped finalize vendor for external monitoring, prioritizing unbiased evaluation and validation
- Spearheaded creation of informational booklet for mission dissemination/recruitment/ funding

### **Senior Programs Management & Research Intern**

**Aug. 2012 - July 2013**

#### **Immigrant Health & Cancer Disparities Services, MSKCC | New York, NY**

- Supported planning & execution of the first national South Asian translational research initiative, *South Asian Health: From Research to Practice and Policy*
  - Identified and maintained communication for 50+ experts for thematic working groups
  - Authored comprehensive literature review on research landscape and gaps therein on metabolic syndrome and genetic risk for CVD disease among South Asian immigrants, resulting in [publication](#)
- Assisted development & implementation of 5 studies under the *South Asian Health Initiative* (SAHI):
  - Drafted, piloted, and administered HIPAA-compliant surveys and key informant interviews
  - Trained 4 interns on multiple data collection protocols as Senior Intern
  - Informed NIH grant and IRB applications by reviewing, analyzing, and synthesizing literature on public health methods & theories, and chronic disease among South Asian immigrants
  - Conducted outreach for community-based participatory research
  - Mapped resources for targeted delivery of community health programs

## **EDUCATION**

### **Emory University**

**Aug. 2013 – May 2015**

Completed 59 credits towards an **MPH** in **Global Health Epidemiology**

**Relevant Coursework:** Evidence-Based Strategic Planning; Field Trials & Intervention Studies; Initiation & Management of Research Projects under Constrained Conditions; Knowledge Translation-Research to Policy & Practice; Monitoring & Evaluation of International Health Programs; Epidemiology I-III; Biostatistics I&II

### **Bachelor of Science in Biology | The City College of New York**

**May 2010**

## **CERTIFICATIONS**

### **Certificate in Development Project Management (CDPM®), Level III**

**Dec. 2023**

Project Management for Development Professionals

### **HIPAA Training**

### **The Responsible Conduct of Research Involving Human Subjects**
