PROFESSIONAL SUMMARY

Power BI Developer and Business Intelligence Analyst with over 5 years of experience transforming complex data into actionable insights that support business growth and operational efficiency. Experienced in designing reporting solutions, developing KPI dashboards, analyzing business performance, and delivering self-service analytics that improve visibility into customer behavior, revenue trends, and operational outcomes. Strong background in collaborating with stakeholders, translating business requirements into analytical solutions, and enabling data-driven decision-making through scalable reporting and business intelligence initiatives. I enjoy building intuitive dashboards and using data to solve business problems and support informed decision-making.

PROFESSIONAL EXPERIENCE

Power BI Developer

Colaberry Inc.

Jan 2025 – Present

- Develop over 5 Power BI dashboards tracking over 10 business KPIs using SQL Server, Excel, and CSV data, published reports through Power BI Service.
- Use Python, Power Query, and Microsoft Fabric to clean, transform, and prepare telecom datasets for forecasting, analytics, and enterprise reporting.
- Design and implement ETL workflows using SSIS to integrate SQL Server, Excel, and XML data into staging, ODS, and dimensional data warehouse environments.
- Built Power BI data models and DAX measures to support business reporting, KPI tracking, and data analysis.
- Create SSRS dashboards, drill-through reports, stored procedures, and executive reports to support mortgage analytics and business decision-making.
- Analyze churn, revenue, and customer behavior data while optimizing SQL queries and self-service reporting, reducing ad hoc report requests by 30% and report execution time by 25%.

Data Analyst

Sunshine Power & Telecom PLC

Jan 2022 – Aug 2024

- Evaluated operational data and performance metrics across 20+ business-critical mobile money and digital services to identify trends, monitor KPIs, and improve operational visibility.
- Implemented interactive Power BI dashboards and visual reports to monitor service performance, incident trends, and operational KPIs.
- Extracted, cleaned, and transformed data using SQL and Power Query to deliver trusted datasets for business reporting and decision-making.

- Engineered DAX measures and calculated metrics to support KPI tracking, trend analysis, and interactive reporting for business users.
- Leveraged operational and BMC ticketing data to identify incident patterns, support root cause analysis, and improve service performance.
- Collaborated with stakeholders to gather reporting requirements and deliver business intelligence solutions that supported data-driven decision-making.

Reporting Analyst

Lonadd Consultancy PLC (Contract)

Jul 2021 – Jan 2022

- Applied SQL to extract data for reporting and project performance tracking, improving reporting accuracy.
- Interpreted operational and project data to identify trends, monitor KPIs, and generate insights for business reporting.
- Performed data validation and quality checks to ensure the accuracy, consistency, and integrity of reporting datasets.
- Consolidated data from SQL and Excel sources to develop operational reports and improve stakeholder visibility into project performance.
- Engaged with project teams to gather reporting requirements and support the development of reporting solutions.
- Produced reports and data visualizations that enabled stakeholders to monitor project performance, operational metrics, and key business indicators.

TECHNICAL & PROFESSIONAL SKILLS

- | | | |
|--------------------------------|------------------------------------|--------------------------|
| • Power BI (Desktop & Service) | • Python | • Requirements Gathering |
| • SQL • SSIS • SSRS | • ETL Development | • Self-Service Reporting |
| • SQL Server (SSMS) | • Data Warehousing & Data Modeling | • Excel |
| • Microsoft Fabric | • Business Analysis | • Git & GitHub |
| | | • VS Code |

EDUCATION / CERTIFICATIONS

- Bachelor of Science in Information Systems – University of Gondar, Gondar, Ethiopia
- Certificate of Data Analytics – Colaberry School of Data Analytics, Dallas, TX
- Certificate of Power BI – Colaberry School of Data Analytics, Dallas, TX
