EDUCATION

Clemson University

Bachelor of Science in Computer Science

May 2025

Coursework: Game Engineering (2D & 3D), Computer Networking, Operating Systems, Cryptography

Member of Zeta Nu chapter of Alpha Delta Pi

TECHINICAL SKILLS

- Languages & Frameworks: Java, Python, C++ C#, JavaScript, HTML TypeScript, CSS, React, Next.js, ARM Assembly
- Tools & Platforms: AWS (Lambda, Cognito, RDS, Amplify, API Gateway), MySQL, Git/GitHub, APIs, Postman, PyGame
- Other: Agile SDLC, Linux, Windows/macOS

PROJECTS *GitHub Repository (linked above)*

Cipher Visualizer – React, JavaScript, C++

Spring 2025

- Built a dynamic web app to visualize real-time Caesar Cipher encoding/decoding, integrating a C++ backend for cipher logic
- Implemented an interactive UI with visualizations of message transformation, leveraging queue-based encryption logic
- Hosted a live demo showcasing of the cipher process on Netlify with zero-downtime deployment pipeline

ARM Assembly Binary Visualizer – React, Next.js, ARM Assembly

Spring 2025

- Designed a React-based tool to visualize ARM Assembly's binary-to-decimal conversion logic
- Integrated interactive memory panels and conversion steps to demonstrate how ARM binary calculations unfold
- Developed a modular and educational interface that breaks down the algorithm's intermediate steps

Address Verification System – JavaScript, HTML, CSS

Summer 2024

- Developed a web-based tool on CodePen to validate and format addresses using the SmartyStreets API
- Enabled users to input addresses and receive standardized outputs, enhancing data and accuracy for over 4,000 addresses
- Implemented CSV download functionality for streamlined data management

EXPERIENCE

Clemson University Mascot - The Cub

Spring 2021 – Summer 2025

- Represent Clemson University as the official mascot at athletic, sponsor, and fan events, enhancing school spirit through interactive performances and fan engagement
- Boost team support by performing skits, interacting with fans, and creating memorable game-day experiences
- Assist Clemson Marketing team with appearances during sporting events

Weisiger Group – Business Technology Summer Intern

Summer 2024

- Developed an automated address verification website for 4,000 unverified addresses associated with Vertex tax integration using an API, streamlining data verification with downloadable Excel reports
- Conducted data analysis using Excel pivot tables, formulas, and pivot charts for various datasets including promo codes and sales rep data for Carolina CAT
- Delivered an Excel training session for interns and sales representatives, enhancing productivity through better data management

LEADERSHIP & ACTIVITIES

Center for Career and Professional Development - Career Ambassador & Career Development Intern

Spring 2023 – Fall 2024

- Provided one-on-one guidance to 300+ students on resumes, cover letters, LinkedIn optimization, and job search strategies during drop-in sessions and appointments
- Lead project research and workshops on AI in recruitment, ensuring students are prepared for evolving hiring practices
- Acted as a liaison between students and CCPD staff, improving operational efficiency during appointments
- Helped host events in the office to welcome and engage students in their career development journeys

Campus Advancement Committee - Clemson Undergraduate Student Government

Fall 2023 - Spring 2024

- Organized sustainability and wellness events, leveraging creativity to engage students through interactive activities and social media outreach
- Spearheaded wellness initiatives such as a wellbeing survey event and stress relief activities before finals week
- Collaborate with committee and subcommittee members during weekly meetings to brainstorm, plan, and execute events
