

ZACHARY KLINE

2108 200th Ave. SE, Sammamish, WA 98075

(503) 939-6978; zkline@speedpost.net

Accessibility Specialist with 6+ years of experience in WCAG auditing, assistive tech testing, and cross-functional coaching. A lifelong assistive technology user who leverages personal experience with screen readers and Braille devices to inform practical, user-centered accessibility solutions.

Experience

- **ISoftStone, Inc**—Kirkland, WA

May 2019–July 2025

- Conducted in-depth non-visual accessibility testing across web, mobile, and Windows platforms using screen readers (JAWS, NVDA, VoiceOver, TalkBack).
- Brought the perspective of a lifelong assistive technology user, leveraging personal experience with screen readers and Braille devices to identify real-world accessibility barriers.
- Reviewed and verified thousands of accessibility bugs across dozens of Microsoft products, ranging from 3 to 50+ issues per product; ensured each defect was categorized, prioritized, and aligned with WCAG 2.1 and 2.2 criteria.
- Provided Tier 2 auditing with a focus on bridging technical compliance and real-world usability, collaborating closely with developers, designers, and legal stakeholders to resolve barriers effectively.
- Partnered with Microsoft’s Cloud+AI and CELA teams on scenario-based evaluations, ensuring accessibility and usability across assistive technologies.
- Authored 40+ internal guides and “easy fix” documents; delivered training and practical coaching for developers, QA teams, and designers.

- **Skills Inc.**—Bellevue, WA

2016–2019

- Conducted accessibility evaluations and provided feedback for client-facing products, helping teams remediate issues effectively.
- Collaborated with cross-functional teams to enhance accessibility knowledge and integrate inclusive design practices.

- **A-Sharp LLC**—Seattle, WA

2014–2016

- Supported accessibility efforts in educational and creative software projects, contributing to usability testing and feedback cycles.
