

ADITYA SHARMA

EDUCATION

Georgia Institute of Technology
M.S. in Computer Science
Expected Graduation May 2028

Georgia State University
B.S. in Computer Science
Software Systems
Honors College
Graduated May 2022

COURSEWORK

Graduate
Human Computer Interaction
Education Technology
Data Analytics

Undergraduate
Data Science
Web Programming
Design & Analysis: Algorithms
Software Engineering

CERTIFICATIONS

Google Data Analytics
Completed December 2025
SQL • R • Excel • Tableau

SKILLS

Languages
Python • JavaScript • Java •
SQL • R

Technologies
React.js • Node.js • jQuery
Express • Flask • Git • Excel •
Tableau

EXPERIENCE

Activus Connect
Web Search Analyst
September 2024 to August 2025

- Research, fact-check, and rate Google's AI response based on user's query.
- Ensure user's intent is satisfied based on predefined criteria.

Rails
Software Engineer Intern
April 2024 to June 2024

- Integrated automated end-to-end unit testing within the web application using Cypress and GitHub actions.
- Tested features such as login, logout, tables, pagination, data validation, etc.

Macy's
Software Engineer
August 2022 to January 2024

- Created a heat map using excel that showcases different customer orders fulfilled for each state in the US.
- Worked on the internal order management application. Implemented CRUD workflows for retrieving comprehensive order details by creating new API endpoints with Node.js (Express), then dynamically rendering the data in React.
- Helped migrate from GCP DataStore to on-prem MongoDB, updated SQL queries to MongoDB queries and related objects in a Java Spring application.

PROJECTS

Meal Delivery App

- Built a web application as part of a business competition (like HelloFresh). Used technologies such as React.js, Node.js, and MySQL.

Portfolio Website

- Built a website to host personal projects with HTML/ CSS and JavaScript. Maintained on GitHub and hosted on GitHub Pages.
