PROFESSIONAL EXPERIENCE

Zomato (Previously Uber Eats, India)
Business Analyst Manager

Dec 2018-April 2023

Communication & Collaboration:

- Led high-volume discussions (50+ calls daily) with partners to develop and implement growth strategies.
- Coached and coordinated a 5-member team to achieve project objectives.

Risk Management:

- Proactively identified potential risks in merchant relationships and business operations through risk analysis.
- Implemented preventive measures to mitigate risks and safeguard business ecosystem stability.

Supply Chain Optimization:

- Leveraged data analysis and problem-solving techniques to optimize the supply chain, achieving a competitive advantage.
- Established efficient decision-making processes for enhanced supply-side operations.

Client Relationship Management:

- Managed 200+ client accounts and the complete client lifecycle, encompassing pitching, negotiation, contract management, billing/invoicing, and collections.
- Implemented robust performance tracking and addressed client issues throughout the engagement process.
- Cultivated long-term partnerships with clients, proactively identifying and implementing growth strategies for assigned accounts.
- Utilized data analytics to drive month-on-month client base expansion through dynamic pricing and market coverage decisions.

City Management & Growth Strategies:

- Led strategic development plans for multiple cities, optimizing business growth based on data-driven market analysis.
- Evaluated the competitive landscape and recommended actions to strengthen the company's position.

Business Onboarding & Ecosystem Expertise:

- Gained a comprehensive understanding of diverse business ecosystems within assigned cities.
- Employed data-driven approaches to identify and onboard suitable businesses as strategic partners.
- Implemented categorization strategies to ensure seamless alignment with business goals.
