

NIHARIKA REDDY

+1 (305) 876 4375 | niharikareddyjammula@gmail.com | linkedin.com/in/niharika-reddy-jammula

Results-driven graduate with over 3 years of professional experience, actively pursuing full-time opportunities in the field of Business Analyst/Data Analyst .

EDUCATION

Florida International University, MS in Information Systems And Business Analytics | Florida

GPA: 3.8 / 4.0

May 2023

EXPERIENCE

Capital One , Business Analyst |Texas, USA

Jan 2023 - present

- Collaborate with stakeholders to gather, document, and prioritize business requirements for various projects and initiatives.
- Utilize SQL, Python, and data visualization tools like Tableau or Power BI to analyze large datasets and derive actionable insights for business decisions.
- Lead or participate in projects, ensuring adherence to timelines, budgets, and quality standards. Utilize project management tools like Jira or Trello for tracking progress . Create visually compelling dashboards and reports using tools like Tableau or Power BI to communicate insights effectively to stakeholders
- Facilitate communication between technical and non-technical stakeholders for consensus and successful project outcomes.
- Contribute to strategic planning by leveraging data insights to identify opportunities and mitigate risks.
- Lead end-to-end project management, ensuring successful delivery of initiatives within scope, budget, and timeline.

Accenture , Business Analyst |Hyderabad, India

Nov 2019 - Dec 2021

- Conduct in-depth data analysis using SQL, Python, and other tools to extract actionable insights.
- Develop and maintain reports and dashboards using leading business intelligence platforms like Tableau and Power BI.
- Analyze and interpret data to identify trends, patterns, and insights. Work with UX/UI designers to create wireframes and prototypes for user interfaces.
- Ensure that front-end designs align with user requirements and business objectives.
- Conducted requirements gathering and analysis for various projects .
- Execute Extract, Transform, Load (ETL) processes to seamlessly integrate data from multiple sources.
- Collaborated with cross-functional teams to develop and implement solutions .
- Utilized data analysis techniques to identify trends and insights .
- Prepared and presented reports to stakeholders to drive decision-making

SKILLS

Languages	SQL, Python, C, Java,JavaScript ,Scala,MATLAB,SAS ,VBA
Visualization Tools	Tableau , Power BI , Rapid Minor, Domo,Looker ,Highcharts ,D3.js
Software	Google Analytics, Tableau Desktop ,Microsoft Power BI Linux, Tensorflow, Pytorch, Docker, Microsoft Excel ,Alteryx, KNIME,
Certifications	Tableau Desktop Certified Associate /Certification in Tableau, Excel for Business Analysts, SQL for Data Analysis (2020), Certification in Python .
Databases	MySQL, MariaDB, Oracle, SQL Server, PostgreSQL

PROJECTS

DATA VISUALIZATION WITH DATA SETS • Tools: Tableau, Excel|

Jan 2023 - June 2023

- The project involves extracting and visualizing datasets, identifying primary and secondary data, and formulating descriptive and predictive research questions. Data analysis and visualization techniques are leveraged to generate insights and address research inquiries effectively.

DATABASE MANAGEMENT SYSTEMS • Databases : MySQL, MariaDB, Oracle, SQL Server, PostgreSQL

June 2022 - Dec 2022

- Designed and implemented a database management system (DBMS) for efficient storage and retrieval of data. Incorporated features such as data normalization, query optimization, and data integrity constraints. Improved data organization, accessibility, and overall system performance.

SELF-DRIVING CAR SOFTWARE UPDATE PROCESS • Visual paradigm: Class Diagram, Sequence Diagram, Activity Diagram, Use case diagram, GIT, GitHub, HTML

Jan 2022 - April 2022

- Enable users to easily check, download, and install software updates for self-driving cars, enhancing functionality and server capabilities. Keep cars up to date with the latest features and advancements for optimal performance.
