

Kavya Madhuri Chittipalli

Business Analyst

Aurora, CO | +1 (720) 843-9804 | kavya.chittipalli@gmail.com | [LinkedIn](#) | [GitHub](#)

SUMMARY

Business Analyst with around 4 years of experience specializing in requirements gathering and knowledge sharing within Agile and SDLC frameworks across 7+ projects, collaborating with 100+ IT professionals. Skilled in creating and maintaining comprehensive documentation such as Functional Requirements Documents, Business Requirements Documents, and Software Requirements Specifications, ensuring alignment between business needs and technical specifications. Experienced in conducting strategic analyses including Cost/Benefit, Risk, SWOT, and GAP Analyses to drive data-driven decisions. Proficient in SQL and Python for data manipulation and analysis, with expertise in MySQL and PostgreSQL. Well-versed in using project management tools like Jira, MS Project, SharePoint, Trello, and Slack, and adept at presenting insights using visualization tools such as Tableau and Power BI to facilitate informed decision-making.

KEY SKILLS

Business Analysis:	Requirement gathering, BRD, FRD, SRS, User Stories, Use Cases, Gap Analysis
Process Modeling & Documentation:	BPMN, UML, Flowcharts, Wireframing, SOPs, Visio, Lucidchart, Balsamiq
Agile & Scrum:	Sprint planning, Backlog grooming, Daily stand-ups, JIRA, Confluence, SAFe, Waterfall
Data Analysis & SQL:	SQL queries, Power BI, Tableau, Excel (Pivot Tables, VLOOKUP, Macros)
Stakeholder Management:	Cross-functional collaboration, Vendor Coordination, Workshops, Change Management
Testing & UAT:	Test case design, UAT execution, Defect tracking, QA collaboration
Compliance & Regulations:	GDPR, HIPAA
Process Automation & BI:	RPA, Business Intelligence (BI) reporting, Performance Metrics

EXPERIENCE

Business Analyst Metlife

| Jul 2024 – Present
| USA

- Analyzed business processes and gathered requirements from 10+ departments, translating them into comprehensive BRD, FRD, and SRS documentation to support business objectives.
- Facilitated Agile ceremonies including sprint planning, backlog grooming, and daily stand-ups with cross-functional teams of 20+ members, ensuring project milestones were consistently met using JIRA and Confluence.
- Conducted gap analysis to identify process inefficiencies, recommending process enhancements that improved workflow efficiency by 30%.
- Developed detailed process models using BPMN and UML to streamline business processes, reducing redundancies by 25%.
- Led UAT efforts by creating over 100+ test cases, executing test plans, and collaborating with QA teams to ensure defect-free product delivery.
- Managed key stakeholder relationships, driving collaboration across product, IT, and compliance teams to align priorities and deliverables.
- Created Power BI dashboards and Excel-based performance reports to monitor KPIs, resulting in 20% faster decision-making for leadership.
- Ensured compliance with GDPR and HIPAA regulations by conducting risk assessments, documenting processes, and implementing best practices.

Junior Business Analyst SeaGate

| Jan 2020 – Aug 2022
| Bangalore, India

- Collaborated with stakeholders to gather and document business requirements across 5+ departments, delivering high-impact BRD and SRS documentation to guide development teams.
- Designed wireframes and mockups using Balsamiq and Lucidchart, improving UI/UX designs and ensuring alignment with user expectations.
- Conducted extensive gap analysis, recommending improvements that boosted operational efficiency by 25%.
- Utilized SQL to query large datasets, generating data-driven insights that informed strategic decisions and improved reporting accuracy by 30%.
- Drove Agile project execution by actively participating in sprint planning, retrospectives, and backlog grooming, improving project delivery timelines by 15%.
- Created over 75 detailed test cases for UAT, tracking defects in JIRA, and collaborating with developers to resolve issues efficiently.
- Managed vendor relationships, ensuring successful integration of third-party tools and minimizing project delays through proactive risk management.

EDUCATION

Masters in Information Systems/Science

University of Colorado, CO, USA

| May 2024

Bachelors in E&C Engineering

Jawaharlal Nehru Technological University, India

| Sep 2020

CERTIFICATION

AWS Certified: Cloud Practitioner

LogRhythm: Security Analyst Certification (LRSA)
