## TECHNICAL SKILLS

Python | RStudio | SQL | PySpark | Tableau | Power BI | SAS | Excel | Microsoft Word | PowerPoint | AWS (EC2).

## PROFESSIONAL EXPERIENCE

FI CONSULTING (CAPSTONE PROJECT)

Washington, DC

Data Analyst

February 2024 - June 2024

- Led a team of 5 analysts to develop a **Power BI dashboard** to visualize disparities in mortgage rates and population proportions across different ethnic groups, making the raw dataset more understandable.
- Developed an **XGBoost model** to assess fairness in loan approvals, using **preprocessing, feature selection, and hyperparameter tuning**, reducing bias in decisions affecting **1 million minority applicants**.
- Preprocessed and standardized data using **Python**, mitigating data imbalance to ensure a fairer and more stable training process.

HUMANE INTELLIGENCE ALGORITHMIC BIAS BOUNTY

Washington, DC

Competition Winner (Red teaming)

June 2024 - August 2024

- Categorized AI responses by topic (e.g., economy, politics, celebrities, etc.) to identify key terms and patterns that trigger biased outputs.
- Developed a **model that automatically generates prompts** using **Python and OpenAI API** to induce AI into producing biased or incorrect responses.
- Led a team of four, coordinating model development and evaluation to improve AI bias detection strategies.

CAPITAL SECURITIES CORP

Taiwan

Finance Internship | Stockbroker | Social Media

July 2020 - August 2020

- Achieved a **20% weekly return** in an internal investment competition.
- Grew a social media **fan page by 560 followers in one week** through strategic content creation.

## RELEVANT PROJECTS

THE GEORGE WASHINGTON UNIVERSITY, School of Business

Washington, DC

Capital Bike Demand Analysis (Python, SQL, AWS)

December 2023

- Analyzed Capital Bikeshare data using SQL to identify demand patterns at each station.
- Built regression models incorporating daily weather data to forecast and optimize bike demand.

Multi-Asset Investment Model Optimization (Pivot Table, VLOOKUP)

- Optimized investment portfolios, balancing bonds, stocks, and futures using Solver, VLOOKUP, and Pivot Tables.
- Developed a Decision Tree model to tailor investment strategies based on investor risk preference.

## ADDITIONAL INFORMATION

Extracurricular

TKU Dance Club (event organizer and social media manager).

Languages

English (Fluent), Chinese (Native).
