WORK EXPERIENCE

Outlier

Dallas, United States

Software Engineer

Apr 2024 - Present

- Developing and enhancing AI-driven applications using Java, with a focus on training AI models and improving their performance.
- Collaborating with a team of engineers to integrate AI solutions into existing systems.
- Continuously monitoring and refining AI models to ensure optimal accuracy and efficiency.

NTT DATA

Tetouan, Morocco

Jr. Full Stack Engineer

Sep 2022 - Apr 2024

- Developed and maintained Core Java applications adhering to J2EE standards, enhancing performance and scalability.
- Implemented microservices architecture with Spring Boot.
- Streamlined team collaboration and deployment processes using Git for version control and Jenkins for continuous integration.
- Integrated third-party APIs to extend application functionality and enhance user experience.
- Collaborated closely with cross-functional teams to develop, and deploy innovative applications aligned with business requirements.
- Conducted comprehensive testing, identifying and resolving bugs, ensuring the delivery of high-quality software products.
- Designed and implemented user-friendly interfaces using HTML, CSS, and TypeScript within the Angular framework.
- Optimized software performance through effective debugging, and modification, enhancing overall user satisfaction and retention.

Líder Gestión

Tetouan, Morocco

Jr. Software Engineer

Feb 2022 - Aug 2022

- Developed and implemented the business layer using Spring, Hibernate, and DAOs, enhancing system robustness and scalability.
- Collaborated closely with senior software staff to conceptualize, design, and successfully deploy the project within six months.
- Assisted senior engineers with complex tasks, gaining valuable hands-on experience in software development and engineering.

EDUCATION

Adelmalek Essadi University

Tetouan, Morocco

Master's degree in Computer Science (Software Quality)

Graduation Date: Date

Adelmalek Essadi University

Tetouan, Morocco

Bachelor's degree in Mathematics and Computer Science

Graduation Date: Date

PROJECT EXPERIENCE

Cafe Management System

Developer

- Designed and developed a comprehensive web application for cafe management using Spring Boot, AngularJS, MySQL, and Java.

Vehicle Management System

Lead Developer

- Led the design and development of a web application for vehicle management using Spring Boot, MySQL, Java, and Thymeleaf.

Mobile Application for Area Registration (Android)

Lead Developer

- Spearheaded the development of a mobile application for area registration using React Native, Node.js, expo, and SQLite.

SKILLS & INTERESTS

Skills: Programming Languages: Java, JavaScript, SQL; Web Development: HTML5, CSS3, Bootstrap, Angular.js, React.js, Thymeleaf; Web Services: RESTful, JSON; Frameworks: Spring MVC, Spring Boot, Hibernate, Microservices, Node.js; Databases: MySQL, PostgreSQL; Soft Skills: Written Communication, Self-Motivation, Analytical Thinking, Problem-Solving Aptitude, Teamwork, Collaboration; Languages: English, French, Arabic
