Objective

Detail-oriented and results-driven Data Analyst with 3 years of experience in transforming complex data into actionable insights to support strategic decision-making. Proficient in SQL, Python, Excel, and data visualization tools such as Tableau, Power BI, and Looker Studio. Seeking to leverage analytical expertise and a strong problem-solving mindset to contribute to a dynamic team in a growth-focused organization.

Professional Experience**Data Analyst**

Phalen Leadership Academies · Remote · Sept 2022 – Present

- Manage and analyze data for four high schools across multiple states, customizing automated dashboards to meet varying state requirements.
- Utilize Python, SQL, and Looker Studio to clean, transform, and visualize data.
- Build and deploy Streamlit apps to automate processes and improve data workflows.
- Balance multiple concurrent projects while maintaining high-quality deliverables.
- Collaborate directly with stakeholders to deliver real-time data solutions.
- Acted as a key contributor to overflow analytics projects, stepping in to support the Data Manager on complex tasks during periods of increased demand.

Math Tutor

Virtual · Mar 2022 – July 2023
