Professional Experience

Operations Coordinator

Zimmer Biomet (Previously Paragon28) | Denver, CO

Jan 2025 – Present

- Oversee compliance and accuracy of product labels, ensuring regulatory adherence (FDA, ISO).
- Collaborate with Quality, Materials, and Production teams to resolve issues and enhance workflows.
- Partner with stakeholders to evaluate performance metrics, identify process improvements, and streamline documentation.
- Monitor operational processes and contribute to SOP development to strengthen quality assurance.
- Maintain thorough documentation for compliance audits and utilize SAP for order tracking and issue resolution.

Sales Operations Analyst

Nuvasive | Denver, CO

Aug 2022 – Jul 2024

- Ensured data governance and integrity through auditing and reconciliation processes across Salesforce and reporting tools.
- Produced ad hoc reports, KPI dashboards, and visualizations to enable data-driven decision-making.
- Led compensation processes: adjusted quotas and calculated commissions in alignment with sales representatives' contracts.
- Owned Salesforce CRM processes and workflows, leading territory planning, quota tracking, and commission reporting.
- Conducted root cause analysis on data discrepancies, implementing automation opportunities that improved accuracy and reduced manual effort.
- Partnered with cross-functional teams (Finance, BI, Enablement) to refine reporting, improve policies, and standardize data processes.
- Supported onboarding by aligning compensation structures, quotas, and reporting processes with company standards.

Territory Coordinator

The Medcom Group Ltd. | Denver, CO

Jun 2021 – Aug 2022

- Administered and maintained Salesforce data to track sales performance metrics and ensure reporting accuracy.
- Increased territory sales by 130% through implementation of automated revenue tracking systems.
- Reconciled sales data to support precise commission calculations and reporting.
- Collaborated cross-functionally to resolve inquiries and implement workflow improvements.

Office & Referral Coordinator

Family Home Health | Boulder, CO

Sep 2019 – May 2020

- Maintained and organized patient data to ensure compliance, reporting accuracy, and audit readiness.
- Streamlined documentation processes to improve efficiency and reduce discrepancies in billing and claims.

Medical Administrative Assistant

Kallgren Dermatology Clinic | Boulder, CO

Mar 2019 – Sep 2019

- Streamlined data entry and billing workflows, ensuring accuracy and compliance with insurance reimbursements.
- Applied HIPAA regulations and ICD-10 coding knowledge to safeguard patient data integrity.

Research Assistant

University of Colorado Boulder | Boulder, CO

Jan 2014 – Dec 2017

- Conducted neuroscience research, prepared detailed analysis reports, and presented findings to faculty.
- Developed strong data management and reporting skills applicable to process improvement and quality assurance.

Skills

- **Compensation & Quota Management:** Commission calculations, quota adjustments, contract-based compensation, audit-ready reporting
- **Tools:** Salesforce CRM, SAP, Tableau, Power BI, IBM Cognos, Excel (advanced), Google Sheets, SmartSheets
