EXPERIENCE

Ubiquitous and Urban Computing Lab, the University of Connecticut School of Computing *Undergraduate Research Assistant*

MAY 2025 - PRESENT

Participate in the Research Experience for Undergraduates (REU) project under Professor Suining He.

Review scholarly literature to develop research questions.

Work in Jupyter notebook and Google CoLab to evaluate and enhance low-stress bicycle networks in Hartford, CT.

Design algorithms for bicycle infrastructure classification and traffic stress classification using OpenStreetMap (OSM) data.

Incorporate machine learning and AI prompt engineering to validate results using Google Street View images.

Present weekly updates and write a report documenting research.

St. Stanislaus Kostka Parish, Bristol, CT *Volunteer Religious Education Teacher for Grade 2*

SEPTEMBER 2021 - PRESENT

Plan lessons and create activities to encourage student engagement.

Teach students the basics of key topics so they will be prepared to learn more in subsequent years.

Supervise and delegate tasks to tenth-grade volunteers.

Send weekly emails to parents/guardians about class.

Center for Students with Disabilities, the University of Connecticut *Notetaker for Applications of Geographic Information Systems*

SPRING 2024

Wrote, organized, and formatted easy-to-understand notes during lectures.

Uploaded electronic notes through the CSD system promptly after each class.

Department of Mathematics, the University of Connecticut *Student Instructional Assistant for Multivariable Calculus*

FALL 2023

Worked with a team of 2-3 graduate students to lead honors discussion sessions and non-honors review sessions for 20-40 students.

Supervised student group work, answering questions and clarifying new concepts.

Created Kahoots to enhance student participation in exam reviews.

EDUCATION

University of Connecticut, Storrs, CT

Bachelor of Science,
Mathematics-Statistics
DECEMBER 2025

Bachelor of Science, Geographic
Information Science (GIS)
DECEMBER 2025

Bachelor of Arts, Urban &
Community Studies
DECEMBER 2025

GPA: 4.000/4.000

Bristol Eastern High School, Bristol, CT

High School Diploma
JUNE 2022

GPA: 4.8051/4.0000
Salutatorian

SKILLS

Programming & Data Analysis
R, Python, SQL, SAS, LaTeX,
SQLite, Jupyter, Colab

Geospatial & Visualization
ArcGIS Pro, Workflow, AGOL,
QGIS, StoryMaps, Experience
Builder

Additional Skills
Microsoft Office, Google
Workspace, Spatio-Temporal
Statistics, Machine Learning, AI
Prompt Engineering

HONORS & AWARDS

Babbidge Scholar 2024, 2025

Dean's List
Fall 2022, 2023, 2024
Spring 2023, 2024, 2025

*Certificate of Outstanding Academic
Achievement in GIS* 2024, 2025
