

Sohan Reddy Baddam

Data Analyst

Cincinnati, OH | +1 (513) 413 8876 | sohan@quickitmail.com

SUMMARY

- Data Analyst with over 3 years of hands-on experience in transforming raw data into actionable insights to drive business decisions across diverse industries.
- Skilled in Python, SQL, and SAS, leveraging libraries such as NumPy, Pandas, Matplotlib, SciPy, Scikit-learn, Seaborn, ggplot2, and TensorFlow for advanced data analysis, visualization, and predictive modeling.
- Proficient in designing interactive dashboards and reports using Tableau and Power BI, simplifying complex data for clear stakeholder communication.
- Experienced in managing and querying databases such as MySQL, SQL Server, MongoDB, and PostgreSQL, while utilizing cloud platforms like AWS, Azure, GCP, and DataBricks for scalable data solutions.
- Well-versed in Agile, Waterfall, and SDLC methodologies, ensuring structured and efficient project execution.
- Strong background in data cleaning, data wrangling, and version control using Git, GitHub, etc., combined with excellent analytical and communication skills to support data-driven decision-making.

SKILLS

Methodologies: SDLC, Agile, Waterfall

Programming Languages: Python, R, SQL, SAS

IDEs: Visual Studio Code, PyCharm, Jupyter Notebook

Packages: NumPy, Pandas, Matplotlib, Seaborn, ggplot2, SciPy, Scikit Learn, TensorFlow

Visualization Tools: Tableau, Power BI, Advance Excel

ETL Tools: SSIS, SSRS, Informatica, Talend

Cloud Technologies: AWS (S3, Redshift, EC2, Glue, EKS, Elastic Beanstalk), Azure (Data Lake, DataBricks), GCP

Databases: MySQL, PostgreSQL, SQL Server, Oracle

Version Control Tools: Git, GitHub, GitLab

Other Skills: Data Cleaning, Data Wrangling, Critical Thinking, Communication, Presentation Skills, Problem-Solving

Operating Systems: Windows, Linux, Mac

EXPERIENCE

Morgan Stanley, USA | Aug 2024 - Present | Data Analyst

- Optimized project workflows by applying Agile methodologies, reducing project timelines enhancing team collaboration, and improving deliverable quality.
- Led data analysis initiatives using Python, SQL, and libraries such as NumPy, Pandas, and Matplotlib, delivering insights that boosted operational efficiency by 30% and informed strategic decision-making.
- Developed interactive dashboards and reports in Tableau and Excel, increasing stakeholder engagement by 40% and driving a 25% improvement in business performance through data-driven insights.
- Streamlined data integration and transformation using SSRS and Informatica, while leveraging AWS and GCP for scalable data storage and processing, enhancing system efficiency.
- Analyzed and managed data in MySQL and PostgreSQL databases, ensuring seamless data access, while utilizing GitHub for version control to maintain code integrity and facilitate collaboration.
- Executed complete data cleaning and wrangling processes, ensuring accuracy, consistency, and reliability of datasets for analysis and reporting.

Citius Tech, India | Jan 2021 - Jul 2023 | Data Analyst

- Implemented the Waterfall methodology for structured project management, ensuring clear timelines, deliverables, and seamless collaboration with cross-functional teams to achieve business objectives.
- Exploited Python and SAS for advanced data analysis, employing NumPy and Pandas for efficient data manipulation and statistical modeling, reducing analysis time while enhancing accuracy in business insights.
- Designed and developed interactive reports and dashboards in Power BI and Excel, enabling stakeholders to track KPIs effectively and drive data-driven decision-making.
- Streamlined reporting processes using SSRS, automating routine reports to enhance efficiency and improve accessibility across departments.
- Leveraged Azure cloud technologies for scalable data storage and data processing, managing of complex datasets and improving accessibility for stakeholders.
- Administered and optimized databases in MySQL and SQL Server, ensuring data integrity, security, and seamless retrieval for analytical use.
- Employed Git for version control, maintaining secure collaboration and tracking changes across data-driven projects for improved workflow efficiency.

EDUCATION

Master of Science in Information Technology

University of Cincinnati

Dec 2024

Cincinnati, OH, USA

Bachelor of Engineering major in Computer Science and Engineering

Bharath University

Jun 2023

Chennai, Tamil Nadu, USA
