PROFESSIONAL SUMMARY

Analytical and results-driven Artificial Intelligence / Machine Learning enthusiast with strong quantitative, problem-solving, and programming skills. Hands-on experience building machine learning models, analyzing data, and translating insights into practical solutions. Highly motivated to develop a long-term career in AI/ML and contribute to large-scale, data-driven products.

TECHNICAL SKILLS

Programming: Python, SQL, Java (basic)

Machine Learning: Regression, Classification, Clustering, Tree-based Models, Model Evaluation

Data & Tools: Pandas, NumPy, scikit-learn, Matplotlib, Jupyter Notebook

Software Fundamentals: Data Structures, Algorithms, Object-Oriented Programming, Error Handling, Version Control (Git)

Concepts: Statistics, Probability, Data Analysis, Feature Engineering

ARTIFICIAL INTELLIGENCE / MACHINE LEARNING PROJECTS

Machine Learning Prediction Project

- Designed and implemented end-to-end machine learning pipelines using Python and scikit-learn.
- Performed data cleaning, feature engineering, model training, and evaluation using regression and classification techniques.
- Improved model performance through hyperparameter tuning and cross-validation.

Data Analytics & Insights Project

- Analyzed large datasets to uncover trends and actionable insights supporting decision-making.
- Applied statistical analysis and visualization techniques to clearly communicate findings.

RELEVANT EXPERIENCE

Software / Data Analyst Experience

- Solved data-driven problems by writing clean, maintainable, and testable Python code.
- Collaborated with peers to review code, debug issues, and improve overall solution

quality.

- Used quantitative analysis to inform technical and business decisions.

EDUCATION

University Name

master's in technology management from Lindsey Wilson University in 2026

ADDITIONAL INFORMATION

Strong interest in Artificial Intelligence and Machine Learning.

Excellent communication and collaboration skills.

Entrepreneurial mindset with a passion for continuous learning.
