

*Business Analysis & Project Management | Operational Excellence & Process Optimization |
Data Governance & Reporting Strategy | Business Partner & Vendor Relationship Management |
Application & Product Administration | Cross-Functional Team Leadership*

25+ years of expertise driving strategic business initiatives, enterprise planning and reporting, and operational excellence. Skilled in crafting tactical branded documentation and executing priorities, solving complex challenges, and delivering impactful communications that align IT and business objectives. Accomplished in leveraging data analytics to generate actionable insights, streamline cross-functional workflows, implement scalable reporting solutions, and foster strong collaboration across teams, third-party vendors, and key stakeholders.

PROFESSIONAL EXPERIENCE

Comcast | Downingtown, PA Business Support & Analytics Lead (March 2020 – July 2025)

- Championed as primary SME and liaison for National Critical Infrastructure (CI) programs, third party vendor partnerships, and product management within CI application platform.
- Directed cross-functional collaboration with Engineering, Finance, and Product teams to implement enhancements and drive alignment across multiple application systems.
- Designed and deployed capital project, supplier product and admin approval dashboards to support logistic workflows, spend tracking, and executive reporting.
- Self-taught Oracle/Incorta procurement platform reporting tools; developed financial dashboards adopted by senior leadership for budget oversight and vendor diversity analysis.
- Centralized and managed global support inbox, streamlining user support, operational consistency and platform governance.
- Partnered with multiple integral teams to elevate financial tooling and streamline purchasing operations.
- Coordinated quarterly vendor product updates, ensuring alignment with engineering teams and business objectives.
- Reduced third-party support costs by 50% by reengineering Jira support ticket workflows with product support teams.

Vanguard | Malvern, PA Enterprise Metrics Program Leader (Jan 2017 – Jul 2019)

- Directed enterprise metrics initiatives to identify and close performance gaps across business units, achieving 98% remediation of key risks.
- Delivered strategic reporting to C-level executives to drive business decisions and continuous improvement.
- Automated data sourcing and centralized reporting workflows, improving accuracy and reporting turnaround.

Vanguard | Malvern, PA Email & Data Security Manager (Mar 2005 – Jan 2017)

- Commanded enterprise data and email security monitoring, ensuring compliance with SLAs and policy standards.
- Managed incident response workflows, supported internal investigations, and maintained compliance documentation.
- Delivered operational KPIs and reporting dashboards to assess team performance and incident trends.

Vanguard | Malvern, PA Training Project Manager (Aug 2000 – Mar 2005)

- Executed development and delivery of technical and business training programs aligned with organizational goals.
- Managed course content lifecycle, performance feedback loops, and business unit engagement for improved learning outcomes.

Vanguard | Malvern, PA Marketing & Media Administrator (Aug 1997 – Aug 2000)

- Optimized market intelligence to support client accounts, improving engagement and retention.
- Specialized as point of contact for departmental process improvements, boosting team efficiency and client delivery quality.

PROFESSIONAL EXPERIENCE (continued)

Strategis Asset Management | Plymouth Meeting, PA *Market Media Manager (Jan 1996 – Jun 1997)*

- Reengineered commercial property database systems and data intake processes to enhance reliability and efficiency.
- Architected and deployed internal feedback systems for appraiser staff; evaluated industry tools to inform new product strategies.

Progressive Business Publications | Malvern, PA *Operations & HR Manager (Apr 1992 – Dec 1995)*

- Recruited, trained, and led a 20-person inside sales team to achieve top national performance.
- Designed training and development programs to cultivate leadership talent and drive sales growth.
- Directed team strategy, performance tracking, and continuous improvement initiatives.
