PROFESSIONAL EXPERIENCE

SGS LABORATORIES, LONG ISLAND, NY

LAB DATA ASSOCIATE

OCT 2024 – JAN 2025

- Worked in a team-based environment where efficiency was necessary for work flow.
- Handled scans and invoices for clients and their orders digitally, verifying and renaming them.
- Reviewed technical documents and verified the information and graphs.
- Entered data both on paper, as well as, digitally on Microsoft Access.
- Received and responded to incoming calls and work orders regarding technical issues.

CORPORATION CONSULTING, REMOTE

REPORTING ANALYST

AUG 2024 – PRESENT

- Received and responded to clients requests on reports based on their data, collecting, analyzing, and compiling information.
- Used Excel to create pivot tables, graphs, and dashboards revolving around the data.
- Using SQL to work with the clients raw data, making databases based on the raw data provided by the client and their company.
- Looking over and cleaning up reports and their outlines.
- Collaborated and communicated with professionals and upper management to oversee projects and reports.

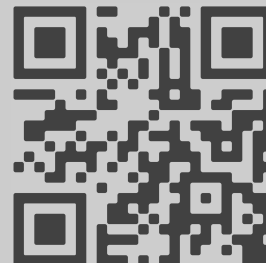

UNIVERSITY AT ALBANY, INFORMATION TECHNOLOGY SERVICES, ALBANY, NY

TECHNICAL SUPPORT INTERN

SEP 2021 – DEC 2021

- Maintained up-to-date knowledge of University at Albany's commonly used processes, practices, and procedures.
- Collaborated with cross-functional teams to diagnose and resolve technical issues in Windows 10, and tracked issues via email support.
- Met Service Level Agreements (SLAs) and provided customer service to end users.
- Ensured systems were up to date by performing updates and installing anti-virus software to reduce the risk of malware intrusions.
- Maintained Inventory via Microsoft Excel spreadsheets.
